NAME OF PROPERTY

Silver Eagle Group

Earl S. Standridge and Pearl R. Standridge - owners
4450 Lockwood Avenue
Los Angeles, California

Douglas Co.
Item 8

Douglas
✓ 2

LOCATION

Silver Eagle Mining District, Douglas County, Nevada, about 12 miles from Minden.

GEOLOGY

Quartz fissure vein ranging in width from 4 to 6 feet, traceable for a distance of about 2,000 feet on the surface, said to carry gold and silver.

DEVELOPMENT

The principal development consists of a 1400-foot crosscut adit tunnel. Several shafts have been sunk from the surface, from which drifts have been turned, and are said to expose commercial ore. Most of the underground workings were inaccessible for examination at the time our engineer visited the property.
