CLIMAX MOLYBDENUM COMPANY

SHEET NO.

NEVADA

<u>Name</u>	<u>Locality</u>	<u>Date of Letter</u>	<u>Detail</u>	<u>Impression from Correspondence</u>
Carl Heberlein	Working on an Mo property near Pigeon Spring, Esmeralda Co, 40 miles S.W. of Goldfield (near Lida)		Known as Gregg Group Myers Group Kennedy Group	Several examinations have all been negative
?	60 Miles from Elko in Ruby Valley		Beryllium Deposit	
J.S. Bagg	Eureka, Nevada		Pyrite containing 2 % MoS <sub>2</sub> , associated under an oxide gold deposit	None
Dr. Carl Norman	P.O. Box 481, Lovelock, Nevada		Manganese Deposit with Bull quartz near Goldfield	Poor; writes like an horse doctor
Suggested by John L. Loeb, New York.	Sylvania Mining District, Esmeralda, Nevada.		Molybdenite possibilities.	

In Nevada visit all Tungsten districts; get an idea on output, costs, possibilities of each property, etc.
