R O A D S I D E M I N E.

Nye County, Nev.

August 2, 1919.

LOCATION: 12 miles north of Mt. Worthington, or the old
Freiburg District, Nevada. The property embraces
Bannerman Spring.

ELEVATION: About 6500 ft.

DATE VISITED: July 23, 1919.

OWNERS: Reported sold to Gillette of Safety Razor fame,
and Stetson, the hat manufacturer, for \$50,000.
\$10,000. down.

ORE BODIES: None developed. Scattered bunches of a manganese-
iron gangue carrying silver values. Formation
limestone with eruptive rock about 1/2 mile distant.

DEVELOPMENT
&
VALUES: No development. An incline shaft starts on a
surface pocket of ore, but is now entirely in lime
at a depth of about 60 feet.
A hand specimen of the dark or black ore returned
113 oz. silver. A specimen of the lighter colored
or yellowish ore returned 40 oz. silver.
Not considered as a favorable prospect.

W. H. BLACKBURN.

ROADSIDE MINE.

Nye County, Nev.

August 2, 1919.

LOCATION: 12 miles north of Mt. Worthington, or the old Freiburg District, Nevada. The property embraces Bannerman Spring.

ELEVATION: About 6500 ft.

DATE VISITED: July 23, 1919.

OWNERS: Reported sold to Gillette of Safety Razor fame, and Stetson, the hat manufacturer, for \$50,000. \$10,000. down.

ORE BODIES: None developed. Scattered bunches of a manganese-iron gangue carrying silver values. Formation limestone with eruptive rock about 1/2 mile distant.

DEVELOPMENT & VALUES: No development. An incline shaft starts on a surface pocket of ore, but is now entirely in line at a depth of about 60 feet. A hand specimen of the dark or black ore returned 113 oz. silver. A specimen of the lighter colored or yellowish ore returned 40 oz. silver. Not considered as a favorable prospect.
