NEVADA ZEOLITE DEPOSITSPershing Co. Schilling
Between (284) & (279)Jersey Valley - erionite with some associated clinoptilolite

Item 4

Approximately 2-3 miles south of Dacies Pass on the western side of the valley along a dirt road which leads from the main Jersey Valley road to the Allard Ranch and Golconda Pass.

The clinoptilolite is stratigraphically below the erionite and outcrops several thousand feet to the west.
