

0300 0025 Arriba
Montezuma Mine (020): A brief trip to this area has shown that the

property (T. 29 N., R. 32 E., Secs. 8, 9, 17, 20, 21) has been consolidated by the Williams Company of San Francisco, California. They are presently engaged in a drilling program in Section 21. The stated aim of the drilling program is to evaluate the possibility of an open-pit deposit of silver and antimony. Permission has been obtained to explore the property.
