

0320 0012  
PROPERTY NAME: UNNAMED PROSPECT #2  
OTHER NAMES: \_\_\_\_\_  
MINERAL COMMODITY(IES): Ag(?) Au(?)  
TYPE OF DEPOSIT: Hydrothermal Vein System  
ACCESSIBILITY: Three miles south of highway #40 on  
Beacon Light Rd., and east one-mile.  
OWNERSHIP: \_\_\_\_\_  
PRODUCTION: \_\_\_\_\_  
HISTORY: \_\_\_\_\_

*Lander Co. General Item 34*  
County: Lander  
Mining District: Argenta  
AMS Sheet: Winnemucca  
Quad Sheet: Battle Mt 15'  
Sec. 35, T 32N, R 46E  
Coordinate (UTM):  
North 4494800m  
East 0520250m  
Zone 11

DEVELOPMENT: Roads, drill-pads, trenches, and several open pits.

ACTIVITY AT TIME OF EXAMINATION: No activity for the last several years.

GEOLOGY: A series of prospects in and near the contact of the Elder Sandstone and the Slaven Chert. The workings are on the NW side of the Northern Shoshone Mts. The prospects in section 23 are in dozer-cuts without mineralization. The prospects in section #35 have small veinlets of barite which are probably not commercial. Sample 398 is from a small hydrothermal vein system in the upper pit. Photo 18 is of section 35 prospects.
