Dear Noble:

Thanks for your letter of the 8th.

It was not my intention to intimate that you had been stalling with regard to a possible milling operation at the Basin, and I would regret it if you got any such impression from my letter; in fact, I think you were acting in good faith, and so advised our New York office. We appreciate that many circumstances could develop which would render the dismantling of your mill, or even part of it, unwise at this time.

But please bear in mind, should conditions change before we are committed to dealing with others, that we would like to go ahead with you.

Yours truly,

*J. C. Brumblay*

Mr. Noble Getchell, Manager,  
Betty O'Neal Mines Company.,  
Battle Mountain, Nevada.

Dear Noble:

The necessity for using the Sweet Marie lease, in an endeavor to interest parties in the milling possibilities at the Basin, prompts me to give up the idea of arranging participation in the lease by some of our deserving local fellows. Furthermore, Mr. Collins' lease at the Widow now bids fair to demand all of his attention for some time to come.

Should your conditions at the Betty so evolve that you would again be interested in a milling venture at the Basin, please advise me promptly.

With kind personal regards, I am

Yours truly,

Dear J. C. :

Replying to yours of recent date, will have to say that I am still up in the air regarding your mining proposition. Have been hoping from day to day to get the final information one way or the other, but have not been able to do so, therefore, I believe for the best interests for both of us, that you eliminate me from your plan. I have been sincere in the proposition as far as I am concerned but am tired of this stalling and don't blame you for feeling the same way.

With kindest personal regards to both Mrs. Brumblay and yourself, I am,

Yours sincerely,
