Item 64

Iron Canyon Mine and the Plumas Mine

San Miguel-Nevada Mines Limited
C. L. Wing, President and Director
1326 Dime Bank Building
Detroit, Michigan

LOCATION OF PROPERTY

Battle Mountain Mining District, Lander County, Nevada, 14 miles from Battle Mountain.

GEOLOGY

Shear zone containing iron oxide which carries values in gold and silver. Shear zone is roughly parallel with bedding of enclosing sediments which dip from 30 to 60 degrees to the west. Oreshoot about 70 feet long has been developed in this shear zone.

DEVELOPMENT

Adit tunnel on the shear zone about 320 feet long, from which a winze 90 feet deep has been sunk down the dip of the shear zone; an 80-foot drift turned at the 45-foot level of the winze.

Reserves: 4,000 tons carrying about 0.27 oz. gold and 1 oz. silver per ton.
