Mr. Henry C. Carlisle,
315 Montgomery Street,
San Francisco, Calif.

Dear Henry:

Thanks very much for your letter of December 27th together with the data on the Olympic Mine, Mineral County, Nevada, which I am returning herewith. After going over this material it strikes me that the thing is just a bit too long a shot to warrant us in becoming interested and we will therefore drop it. Don't forget to bill us for the time you have taken in digging up this information.

With kindest regards,

Yours very sincerely,
