

Title: Dixie Creek Headwaters Fence **Type of Action:** Range Improvement, Fence
Location: T. 30 N., R. 54 E., section 31; T. 29 N., R. 53 E., sections 1, 11, 12, and 14
Description: Construct approximately five miles of fence to create a riparian pasture.
Analysis Status: EA being drafted by consultant.
Contact: Chuck Petersen

Title: Cedar Gathering Fence **Type of Action:** Range Improvement
Location: T. 30 N., R. 54 E., section 34; T. 29 N., R. 54 E., section 3
Description: Construct approximately two miles of fence to create a gathering pasture.
Analysis Status: EA being drafted by consultant.
Contact: Chuck Petersen

Title: Newcrest Resources Tuscarora Exploration Project **Type of Action:** Plan of Operation
Location: T. 39 N., R. 51 E., section 1 and portions of sections 2, 3, 10, 11; T. 40 N., R. 51 E., portions of sections 35 and 36.
Description: This is an exploration project. Approximately 50 holes will be drilled resulting in approximately 8 acres of new surface disturbance.
Analysis Status: Beginning stages of project. EA expected in the spring of 1997.
Contact: Roger Congdon

Title: Thomas Creek Pipeline Reconstruction **Type of Action:** Range Improvement
Location: T. 30 N., R. 50 E., sections 13 and 14; T. 30 N., R. 51 E., section 6
Description: To redevelop Thomas Creek Spring and reconstruct approximately three miles of pipeline along with three troughs to supply water to livestock within the Thomas Creek Seeding, Thomas Creek Allotment. The proposed project was identified in the Thomas Creek Allotment Final Multiple Use Decision, February, 1995.
Analysis Status: EA scheduled to be completed fiscal year 1997.
Contact: Tom Warren

Title: Horseshoe Pasture Fence **Type of Action:** Range Improvement, Fence
Location: T. 32 N., R. 50 E., sections 4, 16, 21, 28, and 33
Description: To construct 4.25 miles of pasture fence in the Horseshoe Allotment.
Analysis Status: EA completion expected fiscal year 1997.
Contact: Tom Warren

Title: Number One Spring Development **Type of Action:** Range Improvement, Pipeline
Location: T. 30 N., R. 50 E., section 2
Description: Reconstruct an existing spring and pipeline. The pipeline would be approximately 0.25 miles and there would be two troughs supplying water to the Thomas Creek Native Pasture and the Safford Canyon Seeding.
Analysis Status: EA expected during FY 97.
Contact: Tom Warren

Title: Dee Gold Mine Expansion Project III **Type of Action:** Plan of Operations
Location: T. 36 N., R. 49 E., sections 2, 3, 4, 9, 10, 15, 16; T. 37 N., R. 49 E., sections 27, 28, 29, 32, 33, 34, 35
Description: This is an amendment to an existing plan of operations for expansion of an open-pit, waste rock storage facility and new tailings impoundment. Approximately 423 acres would be disturbed, bringing total disturbance associated with the mine to 1,529 acres. Dee's expansion project would extend the mine

life through the year 2002.

Analysis Status: Public scoping for this project was held for approximately 30 days, which ended November 15, 1996. An EA is due to be released in mid to late December of 1996.

Title: Carlin Powerline

Type of Action: Right-of-Way

Location: Emigrant Summit

Description: Authorize existing powerline.

Analysis Status: Pending.

Contact: Carolyn Spoon

Title: Worline Access Road

Type of Action: Right-of-Way

Location: South of Jiggs

Description: Access road to private lands.

Analysis Status: EA in progress.

Contact: Carolyn Spoon

Title: Section 8 Telephone Line

Type of Action: Right-of-Way

Location: Section 8 northwest of Elko

Description: Authorize existing telephone cables.

Analysis Status: Pending.

Contact: Ken Nelson

Title: Wilson Reservoir Telephone Cables

Type of Action: Right-of-Way

Location: Wilson Reservoir Area

Description: Authorize existing telephone cables.

Analysis Status: Cultural survey completed. EA pending.

Contact: Ken Nelson

Title: Landfill By-Pass Road

Type of Action: Right-of-Way

Location: East of City landfill

Description: Authorize short segment of access road around east end of landfill and leachate pond.

Analysis Status: Baseline data sheet completed. Subject lands may be exchanged to City of Elko.

Contact: Ken Nelson

Title: Bluff Creek Spring Enclosure #2 & Pipeline

Type of Action: Range Improvement

Location: T. 44 N., R. 70 E., section 6

Description: The project will involve the construction of a fence surrounding a spring and adjacent pond and water piped to a trough outside the fence. The purpose is to exclude livestock from the spring area.

Analysis Status: EA expected January 1997.

Contact: Jennifer Petersen

Title: Warm Springs Pipeline Extension

Type of Action: Range Improvement, Pipeline

Location: Cottonwood Allotment: T. 45 N., R. 61 E., sections 4 and 5

Description: The pipeline extension would improve livestock distribution within the Warm Springs pasture and consists of one mile of pipeline and one or two new trough locations. Water is provided by an existing well and pipeline.

Analysis Status: Initial engineering feasibility in progress. EA needs to be written.
