Miss Constance Clark  
Mines Librarian  
University of Nevada  
RENO, Nevada

Dear Miss Clark:

I was very grateful to receive the cross section from my 1948 report which you sent me last month.

I redrew the tracing you sent me to a more manageable half scale and enclose a print. Also enclosed is a fresh print of the surface map and a redrawn longitudinal projection.

Since I now have a complete set of reproducible masters, if you ever need any more prints, please don't hesitate to ask.

Very truly yours,

*R.E. Kendall*
