Item 68

NAME OF PROPERTY

Queen of the Hills Copper Mine
135 Main Avenue West, Twin Falls, Idaho

LOCATION OF PROPERTY

Salmon River (Contact) Mining District, Elko County, Nevada, 2 miles from Contact, in Section 34, T. 35 N., R. 63 E., Mt. Diablo B & M.

ORE OCCURRENCE

Mineralization consists of various minerals of copper, mainly oxides, in limestone near its contact with granodiorite. See Bureau of Mines report for more details.

DESCRIPTION OF PROPERTY

Property consists of one lode mining claim. A shaft, inclined 50° to the east, said to be 230 feet deep, but bulkheaded at about 50 feet, and a 40 foot drift.

ORE RESERVES

Property under lease and probably any exposed ore will be mined out; from Feb. 2, 1944 to Oct. 5, 1944 this property produced 1.223 ozs. gold, 194.1 ozs. silver and 28,772 lbs. copper.
