This property was presented by Mr. E.J. Bottomley of Reno, who is one of the owners.

ITEM 8

The deposit is located in Churchill County Nevada, in the White Cloud district, T24N R34E, about 35 miles from Lovelock.

Messrs. Gustafson and Evans visited the property on March 5. No samples were taken and the property is of no further interest.

Week copper in questionable porphyry or in the volcanics. No structure; most erratic. One fair show of bornite.
