MEMORANDUM

TO: Mr. A. J. Anderson  
Mining Division

FROM: L. Bunker

DATE: June 25, 1970

SUBJECT: 10 Unpatented Claims For Sale Showing Values in Silver

Owners: Gordon Bradshaw  
Jim Bias  
Blue Jay Maintenance Station on Ely Hwy.  
Tonopah, Nevada

Location of Claims:

1 1/2 miles NE of Fish Lake and 5 miles East of the Circle L Ranch in Fish Lake Valley in Esmeralda County, Nevada.

The claims are on the hill in back of the old Kennedy ranch. They are staked with 4 x 4 white posts. The corner of one claim can be seen from the road. They are in Sections 24 and 25 and 19 and 30 in Twn. 2 S., R 35, 36 E.

History: The owners report that these claims show surface values in silver from 3 oz. to 67 oz. of silver per ton. The vein that carries the values is about 3 ft. wide on the surface and seems to be a quartz between a granite and lime formation.

The owners staked and filed on these claims between May 17, 1970 and June 1, 1970 and they are anxious to sell them and let the new owner do the location work.

Note: Mr. Anderson, Mr. Bradshaw was in to see you on Friday (June 19, 1970) and you requested this additional information.

He apparently does not know anything about mining and he relies on your help and judgement.

See map attached.

Respectfully,

L. Bunker
