Tin Ore in Northern Lander County, Nevada

Jamison
Mrs. Sue Pierson Magee - owner
Inlay, Nevada

Item 2

LOCATION

Secs. 26, 27, 28, 34, and 35, T. 35 N., R. 45 E.; also parts of Secs. 3, 4, 10, and 11, and all of Sec. 2, T. 36 N., R. 45 E., M.D.B. & M., Lander County, Nevada, about 17 miles north of Battle Mountain.

GEOLOGY

The property embraces a zone of altered rhyolite said to outcrop for 10,000 feet, in which occurs many narrow veins and stringers containing cassiterite; and tin placer deposits derived from erosion of tin-bearing lodes. Occasional nuggets of wood-tin are found in the placer area, which is said to be physically ideal for dredging.

DEVELOPMENT

There is little known concerning the potential possibilities of the property because of the lack of development work on both the lode and placer areas.
