CATEGORIES

Initial Production 10,000 TPD +

Initial Capital Requirements \$50,000,000 +

C3

TREMENDOUS

Individual's position Claim or lease; map in detail, sample, evaluate and prepare reports.

Disposal: Arrange or seek transfer to Major Company for return of monies expended, plus minimum payments to apply towards asking price; asking price to be determined by a low percentage of estimated gross value of property.

C2

VERY LARGE

Initial Production 3,000 to 10,000 TPD

Initial Capital Requirements \$20,000,000 to \$50,000,000

Disposal and Individual's Position as for C3, above

Initial Production 1,000 to 3,000 TPD

Initial Capital Requirements \$5,000,000 to \$20,000,000

C1

LARGE

Individual's Position and Disposal As for C3, above

Initial Production 500 to 1,000 TPD

Initial Capital Requirements \$1,000,000 to \$5,000,000

B

SUBSTANTIAL

Individuals Position As for C3, above

Disposal Depending on confidence and indicated 'odds', transfer to (a) established but medium sized mining corporation or (b) oil company seeking diversification OR (c) set up corporation to develop property, further, up to \$200,000 per property and then (d) operate or turn to '(a)' or '(b) above.'

A

SMALL BUT ECONOMIC

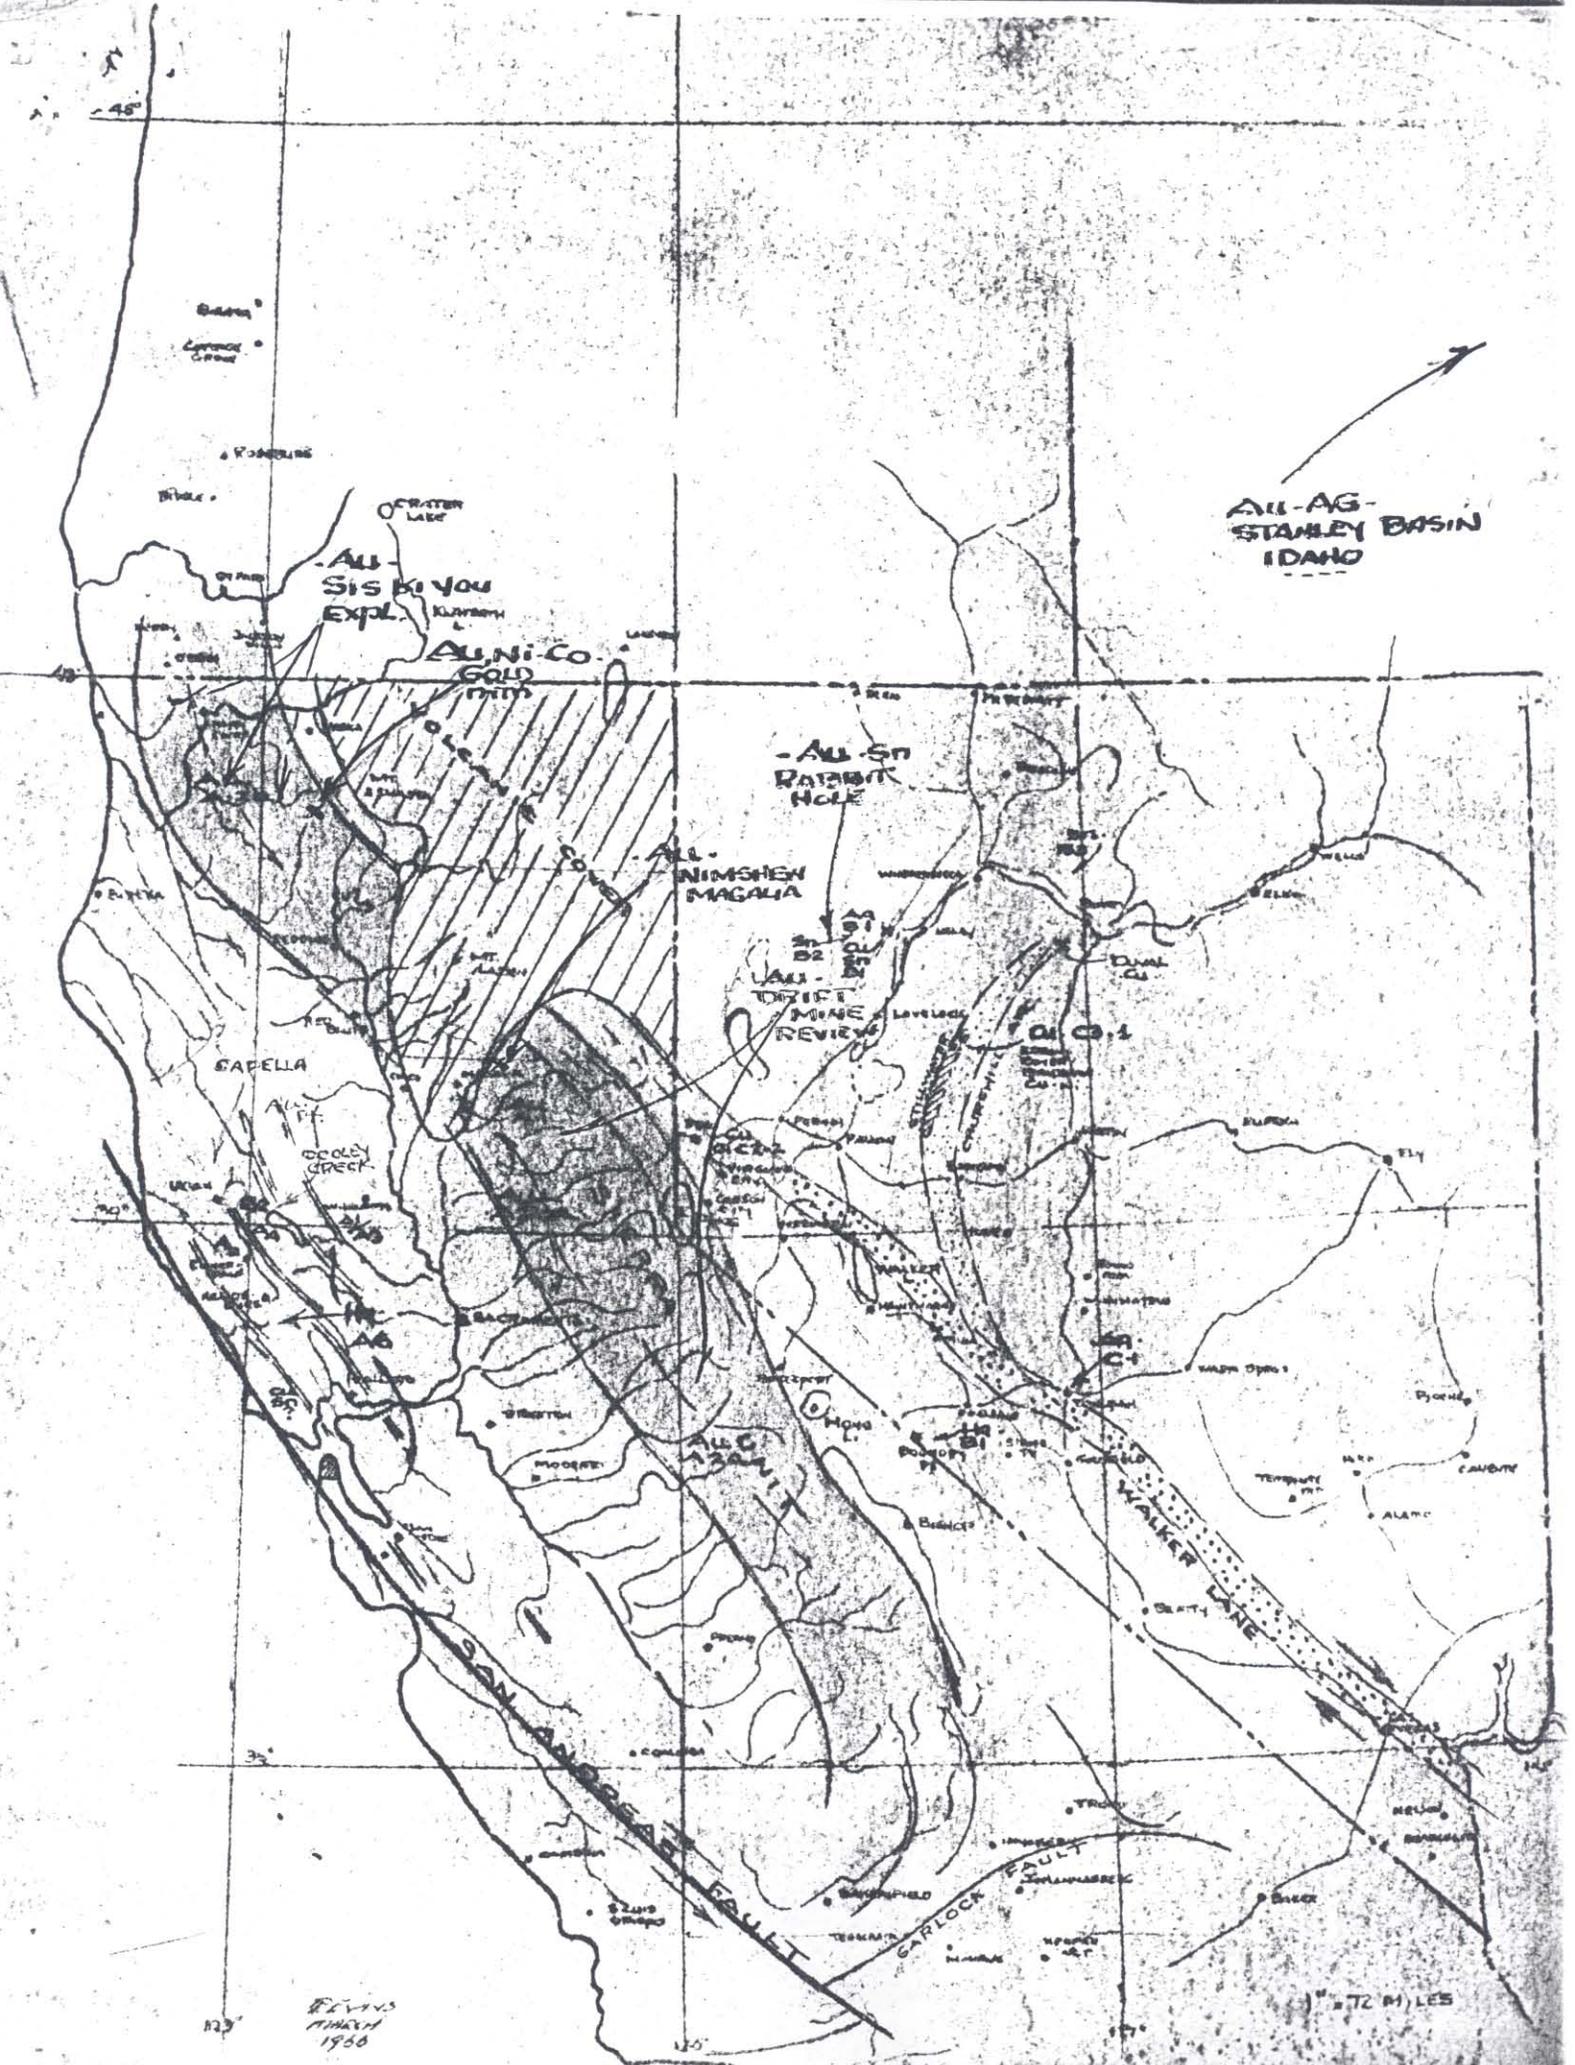

Initial Production 100 to 500 TPD.

Initial Capital Requirements \$300,000 to \$1,000,000

Individuals Position As for C3, above.

Disposal Set up corporation to develop property up to \$100,000; positive results would then warrant further financing and group operation on one's own.
