County: Washoe
Name of Claim: Bay State Mining Claims 2, 3, 4.
Claimant: Emma S. Lode
Report No.: 4230, (A209)
Location: Section 19, T13 N., R23 E.
Description: The claims are situated in White Horse Canyon in the northern part of the district.

Equipment and Development: 

Vein and Mineralization: The country rocks of this area are essentially the same as those of the Olinghouse vicinity, tertiary andesite and rhyolite flows. Gold was first discovered in this part of the district but has not been as productive as Olinghouse.

Remarks: According to a man familiar with the operations of the district, the Emma L. mine workings were re-opened recently but very little ore found.
