Dear David:

I will be in Reno the evening of Sunday, May 23rd, and would like to arrange to get together with you in regards to Pyramid Lake the 24th or 25th.

Please let me know if this would fit into your schedule.

Very truly yours,

John F. Prochnau  
Regional Exploration Geologist

Dear John:

I have been out of town, returning home only yesterday, which will explain why you have not had this letter sooner.

Yours of the 10th is at hand and I am sorry that I have not been able to follow things through with Utah until now.

The situation has been discussed with Mr. Knaebel, and his reactions have been negative. It is his feeling, as well as Holly Peacock's, that it would not be to Utah's interest to have me go ahead with the matter we discussed. Believe me, it would have given me real pleasure to have seen more of that Moly property, as well as to spend the few days in the field with you. But under the circumstances, it is going to be impossible to proceed with the plans.

I do hope that at some future date there may be some other way in which to work with you; as noted above I regret the delay in providing this answer and only hope that it will not delay progress.

When you are in Reno, by all means call the house. Both Mrs. Evans and I would enjoy having you spend an evening with us.

Sincerely,

  
David LeCount Evans
