Dear Sir:

I am just in receipt of a letter from our Vice President, Mr. J. A. Spurr, in which he asks me to take up the matter again with you regarding the Nevada Bunker Hill Mining Company's property at Elko, which you recently submitted to this Company, and advise you that our Company ~~would~~ ^{does} not care to consider this property as it is a smelting property and we are in the field only for gold and silver milling propositions.

We thank you, however, for calling this matter to our attention.

Yours truly,

Dear Sir:

COPY

We are this morning in receipt of your letter of the 30th, enclosing report and copy of old prospectus of your Nevada Bunker Hill property near Elko, and are forwarding your letter, together with all the papers enclosed, to Mr. J. E. Spurr, Vice-President and Advising Engineer for our Company, whose address is 571 Bullitt Building, Philadelphia, Pa.

Mr. Spurr is in charge of these matters and you will probably hear from him direct in regard to your proposition in the near future.

We thank you for calling this matter to our attention.

Yours truly,

Mines at Bullion, Elko County, Nevada
Principal Office, Elko, Nevada

Elko, Nevada, May 30th, 1913.

Mr. Charles.

Auditor, Tonopah Nevada Mining Co.

Tonopah, Nevada.

In compliance with attached letter from Mr, C.E. van Barneveld, who is now the head of the Mining Dept. of Panama-Pacific Exposition, I enclose you report and copy of old prospectus of our property.

The control of this property can be had on very favorable terms, as per attached memorandum.

Leasers who are now working on the Bullion mine have shipped their first car of ore for this season, to smelter at Salt Lake City.

The mines were examined by Mr, Fewson Smith for the U.S.S.M. & R. Co. last fall and he advised his Co, to take them on the same terms as are now giving you, but owing to change in administration, Mr. Jennings, Vice Presdt. in charge of Exploration, would not take on anything new.

Mr, Johns, a capitalist from San Francisco, was here last week, after his Engr. Mr, W.S. Dougherty had been examining the camp for three weeks, and has secured control of the property adjoining us on the North.

The property to West of us has been bonded (\$ claims) for \$50,000.00 and is being developed by Colorado people.

The property to South of us, is tied up at this time, through conflict of title with the C.P. Ry. Co.

If you are interested, please advise me when you will send your Engineer to examine the mines, so that I can arrange to meet him and take care of him.

Yours truly,

Vice. Presdt. & Mgr.

My dear Davis:-

I had a talk with the former
Supt of the Goldfield Con. who tells me
the "Tonopah of Nevada" are looking actively
for development propositions.

It might be worth your while to
get into touch with them. Mr Charles,
their Auditor at Tonopah seems to be the
man to take it up with.

Saw Mrs Davis & Stanley yesterday.
