

Total intensity contours:  
 - - 10 gamma contours  
 - - 50 gamma contours  
 - - 250 gamma contours  
 ● Magnetic low  
 ✕ 1225 Magnetic maximum/minum  
 Survey altitude 500' above mean terrain; regional gradient not removed.

Approximate mean declination  
inclination of field +64°  
Approx. total intensity 53,000 gammas
