

3840 0009

PROPERTY NAME: Unknown

OTHER NAMES: _____

MINERAL COMMODITY(IES): Hg?

TYPE OF DEPOSIT: Alluvial

ACCESSIBILITY: See topo sheet

OWNERSHIP: Not-known

PRODUCTION: Probably none.

HISTORY: _____

County: Humboldt (139)
Hem 1

Mining District: Red Butte?

AMS Sheet: Vya

Quad Sheet: Donna Schee Peak 15'

Unsurveyed
Sec. _____, T _____, R _____

Coordinate (UTM):

North	4	5	4	4	7	7	5	m
East	0	3	7	8	0	2	5	m
Zone	11							

DEVELOPMENT: Lots of excavation!! Pits, benches, trenches, etc. all in alluvial material. Fairly new in excellent condition, metal building approximately 40x24 ft square, a second wood

** continued below.....

ACTIVITY AT TIME OF EXAMINATION: None.

GEOLOGY: Alluvium. Worked as a placer mercury property?? Can't tell what went on.

** continued development.....

building sets in one of the pits. Its in excellent condition also. Some kind of mill was at this site. A one pipe rossi retort sits off the road below metal building a few 10's of lbs. of rock have been run through it.

Hard to say what went on here!!

REMARKS: Sample #2429/ Dirt should be panned for cinnabar & rock fragments assayed for Hg.
