EXPLORATION RECLAMATION - 2000

60001971

4010

Rosebud Exploration Reclamation Costs

	1997	1998	1999
Total Acreage Disturbed		2.455	8.82
Public Acreage Disturbed		2.384	7.56
Acreage Reclaimed	4.9	2.36	7.77
Cost of Reclamation	unknown	15582	26514
\$ per acre		\$6,603	\$3,412

Reclamation in 1998 was mostly large drill pads and sumps on steep slopes. Reclamation in 1999 was mostly roads, trenches, and small to medium-sized drill pads.

\$3500 to \$4000/acre for re-contouring seems reasonable for the Rosebud mine area

RBV, 1/12/00

It is the responsibility of the customer to examine the product or products for defects, disease, or any infestation, and notify Rainier Seeds, Inc. (RSI) of any alleged defect within 48 hours of receipt of such product. After acceptance by the customer, RSI is not liable for damage to the product or products that is caused by improper management, including but not limited to: poor soil preparation, improper water application and extreme temperatures. RSI warrants that seeds have been labeled as required under state and federal seed laws and that they conform to the label description. "Requirement for arbitration" - The Washington Seed Act, Chapter 15.49 RCW requires mandatory arbitration of disputes involving allegedly defective seed. All warranties on any RSI product, whether implied or expressed, as to condition, merchantability, or fitness for any use are limited to the duration of 30 days from the date of purchase, and in no event shall RSI's liability be greater than the total cash price of the aforementioned product or products.

Terms of sale: Net cash upon receipt of invoice. 1 1/2% per month service charge on accounts over 30 days old. In the event that legal action must be taken to collect the amount herein, purchaser agrees to pay attorney fees, court costs and all other expenses that may be involved herein. In the event this amount herein is collected through a collection agency, purchaser agrees to pay all collection costs.
