## SEVEN TROUGHS GOLD MINES CO.

MINES LOCATED IN THE SEVEN TROUGHS DISTRICT

MAIN OFFICE:

LOVELOCK, NEVADA

May 2nd. 1930

(298)  
Item 7

Mr. Norman Getchell, Mgr.

Betty O'Neil

Nevada.

My dear sir:-

Some time ago, Mr. Hall of Fairbanks Morse advised my writing you in regard to supervising operations for you at Gold Circle. And with rumors of your resuming them I am writing to file an application for the local management of your Company, there.

I am an all-around experienced man, graduate of Stanford, and can handle anything in connection with gold and silver mining and milling.

I sampled the Link and Jackson for Berry in about 1918 and urged his going ahead with the opening he had there at that time with the object in view of consolidating the District under one ownership. At present, I am supervising mill construction, here, for Bradshaw and Silver, and would welcome opportunity for an interview if the berth is open.

Very truly yours,

E. Jost
