Re: CANON, TABLE MT. Claims

Dear Mrs. De Witt:

According to some correspondence of approximately one year ago which we have on file we understand we may order "connecting sheets" showing patented mining claims at \$1.00 each from your office.

We would appreciate your sending us three copies of T 16N, R 21 E, Section 8 MDBM connecting sheets. We enclose \$3 (Three Dollars) cash for this purpose.

Sincerely,

Susan F. Mollison  
Secretary

Re: - Group 13

Gentlemen:

Per B. L. M. records, patent claim "CANON" adjacent to west side of "TABLE MT." claim as shown on map furnished by you, Mr. Lutz, does not exist.

"Connecting Sheets" showing patented mining claims by township and range are available from B. L. M. at \$1.00 each in large size, payable cash or cashier's check.

The copying machine was being repaired at the time I was in Reno so copies were not available. For sheets per above contact:
