REPORT ON "LEE BELL"
PROPERTY
NYE COUNTY, NEVADA

Report, March 9th, 1916.

By, H. W. Stotesbury.

R E P O R T O N " L E E B E L L " P R O P E R T Y

This property consisting of eight claims is situated about nine miles north of Tonopah in the vicinity of Frazier's Well.

A small amount of work is being done at the present time by Messrs. Plouff, Jewett, and Goldsmith, who have a two year bond and lease from the owner.

A vertical shaft 96 feet in depth has been sunk and cross-cuts driven to the vein at the 63rd foot level, and at the bottom of the shaft. On the upper level, the vein has been drifted on for a distance of about 50 feet, and shows an average width of from two to three feet. The vein is in limestone and the walls are very indefinite, the mineralization having a tendency to follow the fractures in the limestone. The general strike of the vein, however, is about N.60° E, with a steep dip to the northwest. The vein matter consists of dark colored quartz considerably copper-stained and containing occasional spots of galena.

The following samples show the vein to be very low grade, and the property not worthy of further consideration:-

NO.	WIDTH FEET.	GOLD		SILVER		COPPER		TOTAL VALUE	DESCRIPTION
		OZ.	VALUE @ \$20.	OZ.	VALUE @ 56¢	%	VALUE @ 28¢		
227	2.0	.10	\$2.00	29.30	\$16.41	3.90	\$21.84	\$40.25	Top of drift.
228	3.5	Tr	-	2.20	1.23	.21	1.17	2.40	" " "
229	1.7	Tr	-	2.60	1.46	.94	5.26	6.72	Bottom of winze.
230	1.0	Tr	-	3.20	1.79	.78	4.37	6.16	Bottom of drift.
231	3.1	Tr	-	.16	.09	.00	-	.09	H.W.side of fault.
232	1.4	Tr	-	.12	.07	.11	.61	.68	Across fault.
233	3.4	.03	.60	9.87	5.53	1.04	5.82	11.95	F.W.side of fault.

Philadelphia, March 14, 1916.

Mr. W. H. Blackburn, Supt.,
Tonopah Mining Co. of Nevada,
Tonopah, Nevada.

Dear Sir:

I have yours of March 9th, transmitting a report on the Lee Bell property, Nye County, Nevada, for which please accept my thanks.

Yours very truly,
