Mr. H. D. Budelman, General Manager
West End Consolidated Mining Co.
Tonopah, Nevada

Dear Mr. Budelman:

Your letter of April 26th has just been received drawing our attention to the difference between the settlement forwarded and Mr. Eardley's Schedule #1.

I am sorry that I did not have that letter of April 4th in my department at the time settlement went through, and in accordance with the schedule quoted therein we are making up corrected settlement on the basis of Schedule #1.

I expect to be out that way before long now and will discuss the matter of terms with you at that time.

With kind regards, I remain

Yours very truly,

MWW:RB

Tonopah, Nevada.

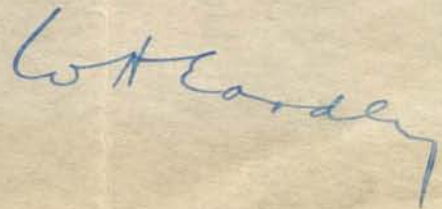

Dear Sir:-

We have your letter of the twelfth advising that
you were shipping us Lot No.100, Mabel Ore, in Car 52304.

We note that same is to be sampled by the Utah
Ore Sampling Company.

We are asking our Smelter to hold the car until
we have the assays, so we can determine as to where best to
handle this lot. We will naturally give you the benefit
of the best schedule.

Yours very truly,

WHE:H

July 5, 1932.

W. H. Eardley, Assistant Manager,
U. S. Smelting, Refining and Min. Co.,
Salt Lake City, Utah.

Dear Sir:-

On July 1 we shipped to your Midvale plant one L. C. lot of ore from our Mabel Mine at Mina, Nevada, with instructions that it be sampled by the Utah Ore Sampling Company en route. The ore is sacked and estimated weight of the 154 sacks is 15,568 pounds.

This is a leaser lot and there may be more to follow. Will you please give us the most advantageous rate possible and settle as on previous shipments.

Yours very truly,

H.D. Budelman

B

Secretary

P.S. Original Bill of Lading enclosed.

July 5, 1932.

Utah Ore Sampling Company,
914 Continental Building,
Salt Lake City, Utah.

Gentlemen:

On July 1 we shipped to the Midvale plant of the United States Smelting, Refining and Mining Company, one L.C. sacked lot of ore from our Mabel Mine at Mina, Nevada, the ore to be sampled en route at your plant. Sacks are marked "USSR Co-S".

Our representatives will be Black and Deason, who will watch this sampling for us.

Very truly yours,

H. D. Budelman

West End Consolidated Mines Corporation
Tonopah, Nevada

Gentlemen:

We are in receipt of your letter of March 3rd notifying us of the shipment of Mabel Lot #104, which is to be sampled through the Utah Ore Sampling Company, and to be assayed by Black and Deason.

We will rush this through as rapidly as possible; in case an umpire is necessary we will make a preliminary settlement on the basis of the original assays and rush the returns through to you.

We note that the check and settlement sheets are to be sent to the West End Consolidated Mines Corporation at Tonopah, Nevada.

I expect to be taking a trip into Nevada next week and will be down to see you the first part of the week.

Wishing you success in your operations there, and with kind personal regards, I remain

Yours very truly,

MWW:RB

U. S. Smelting, Refining and Min. Co.,
Salt Lake City, Utah.

Dear Sir:-

Referring to our Mabel Lot No. 99, on which we have received two settlement vouchers, your numbers 2826 and 2868.

Your second settlement is based upon a schedule of which we have no definite information as yet. In your letter of the 4th you listed two schedules, on the No. 1 we would figure the net to us to be \$914.46, or \$145.27 in addition to the two vouchers already received, which total \$769.19.

It appears that it would be to our advantage to ask settlement on the basis of the No. 1 schedule quoted in your letter of the 4th, and we would appreciate your further advice before closing up this lot.

Yours very truly,

General Manager.

Salt Lake City, Utah.

Dear Sir:-

We are today shipping to your Midvale plant out Mabel Mine Lot No. 100, in car No. TNO-52304, with instructions that it be sampled en route at the plant of the Utah Ore Sampling Company.

This is a heavy sulphide ore, similar to our last car, but with better values. We are not sure whether there is sufficient lead in this ore to ship it under your second schedule or not. We doubt it, and believe that it will work to our advantage to ship it under your first schedule, as a siliceous ore. I presume that you will consider the character of the ore and make settlement to our best advantage as you did on the last lot, No. 99.

Yours very truly,

Secretary.

Tonopah, Nevada.

September 28, 1929

Farmers & Merchants National Bank,
Reno, Nevada.

Gentlemen:

On September 26th we shipped to the Midval Plant of the U. S. Smelting, Refining and Mining Company approximately 16 tons of ore from the Tonopah "76" Consolidated Mining Company's Lancashire Claim Lease.

This ore is to be sampled enroute at the plant of the Utah Ore Sampling Company, and is to be crushed to pass one inch mesh. Black & Deason of Salt Lake City will watch the sampling for us.

This shipment was made in your name and we have instructed the U. S. Smelting, Refining and Mining Company to make settlement for this ore direct to you.

The cost of hauling this ore from the mine to the railroad at Mina is \$5.00 per ton.

Yours very truly,

Chief Clerk.

September 28, 1929

Black & Deason,
165. So. West Temple St.,
Salt Lake City, Utah.

Gentlemen:

On September 26th we shipped to the Midvale plant of the U. S. Smelting, Refining & Mining Company one car of bulk ore from our Mabel Mine, Mina, Nevada, in car SP-24464. This car contains two lots marked Lot No. 1, Farmers & Merchants National Bank, and lot No. 2 West End Consolidated Mining Company.

Lot No. 1 contains approximately 16 tons of ore, lot No. 2 contains approximately 35 tons. These two lots are to be sampled separately.

This car is to be sampled enroute at the plant of the Utah Ore Sampling Company and is to be crushed to pass one inch mesh. Of course the two lots are to be sampled separately.

Will you kindly witness these samplings for us and handle as heretofore.

Yours very truly,

Chief Clerk.

TRM:MT

March 3, 1930

U. S. Smelting, Refining & Mining Co.,
Salt Lake City, Utah.

Gentlemen:

On March 1st we shipped to your Midvale plant, from our Mabel Mine, Mina, Nevada, one car of bulk ore, our Lot No. 104, in car SP-36741, original Bill of Lading for which is enclosed herewith.

This ore is to be sampled enroute at the plant of the Utah Ore Sampling Company, and is to be crushed to pass one inch mesh.

Black & Deason will witness the sampling of this car for us and handle as heretofore.

Please make settlement immediately and in case an umpire is necessary make a preliminary settlement. Send check covering returns, together with three copies of the settlement sheets to West End Consolidated Mines Corporation, Tonopah, Nevada.

Yours very truly,

Chief Clerk.

Gentlemen:

On September 26th we shipped to your Midvale Plant from our Mabel Mine, Mina, Nevada, carload of ore containing two lots. Lot No. 1 is being shipped in the name of the Farmers & Merchants National Bank, Reno, Nevada, lot No. 2 is Mabel Mine lot No. 103 and is in the name of the West End Consolidated Mining Company. The car is SP-24464.

Lot No. 1 is shipped in the name of the Farmers and Merchants National Bank and is piled in one end of the car contains approximately 16 tons of ore.

Lot No. 2 which is Mabel Mine Lot No. 103 contains approximately 35 tons of ore, and is marked lot No. 2 West End Consolidated Mining Company.

This ore is to be sampled enroute at the plant of the Utah Ore Sampling Company, and is to be crushed to pass one inch mesh. Of course these lots are to be sampled separately and two different settlements made.

Black and Deason will witness the sampling of this car and handle as heretofore.

Please send check covering returns together with copy of settlement sheets for Lot No. 1 direct to the Farmers and Merchants National Bank, Reno, Nevada.

Send the check covering returns for Lot No. 2 along with copies of settlement sheets for both shipments direct to the West End Consolidated Mining Company, Tonopah, Nevada.

In case an umpire is necessary on Lot No. 2 please make a preliminary settlement at once.

Yours very truly,

Chief Clerk.

Seattle, Wash.

Attention Mr. Ray Campbell

Dear Ray:

Since our 'phone conversation of June 2nd, we have made no effort to contact the Garfield people. It seems best to us to wait a reasonable time for them to have a chance to think it over, and that it would be a mistake, at this time, to do anything with the idea of working the Mabel property alone. We believe the owners of the Garfield are anxious to make a deal, but being seasoned dealers are fearful lest they do not get the last dollar possible.

The leasers at the Mabel mine are cleaning up preparatory to taking a vacation until after July Fourth, and incidentally watching silver price news from Washington.

Mr. Budelman is leaving today for Berkeley to attend the graduation of his daughter tomorrow, he will contact Mr. Racey and they can go over latest developments.

With kind personal regards,

Very truly yours

TCN

March 24, 1939.

Mr. P. W. Racey,
Pacific National Building,
Vancouver, B.C.

Dear Bab:

Referring to our conversation of last Sunday about the Mabel Mine, I have talked the matter over with Herman and it is agreeable to us to have some responsible party come into the Mabel picture on some sort of a development plan. Any time you happen to be this way we will be glad to take you down the mine and you can size the situation up for yourself.

We were a little worried the day you left on account of the snowstorm, however, having noticed no account of any searching parties out we assume your safe arrival home.

With kind personal regards in which Herman joins me, I am

Very truly yours

PWR

THIS AGREEMENT made and entered into this 19th day of August, 1939, by and between H. D. Budelman and F. C. Ninnis of Tonopah, Nevada, parties of the first part, and Ray W. Campbell and H. J. Kressly of Seattle, Washington, parties of the second part,

WITNESSETH

That the parties of the first part, for and in consideration of the sum of Twenty Five Thousand (\$25,000.00) Dollars, lawful money of the United States, do by these presents sell to the parties of the second part the G.M. Group of four unpatented lode mining claims, situated in the Garfield Mining District, Mineral County, Nevada, payment to be made as follows:

The purchaseprice to be paid for the above described property is the sum of Twenty Five Thousand (\$25,000.00) Dollars, which parties of the second part agree to pay as follows:

- \$10,000.00 on the signing of this agreement, receipt of which is hereby acknowledged
- \$ 5,000.00 on or before September 19, 1939
- \$ 5,000.00 on or before October 19, 1939
- \$ 5,000.00 on or before November 19, 1939.

F. C. Ninnis
H. D. Budelman.

Dear Mr. Kressly:

Your letter of June 28, addressed to Mr. Ninnis, arrived on the scene today. Mr. Ninnis has gone to Los Angeles for over the Fourth and will not return until after the sixth.

Under the circumstances it seemed best to let you know about his absence. The sample is here also, and I shall hold both letter and sample for him. So unless he has written you direct you will not likely hear from him about his conclusions until after he returns from L. A.

No word from our friends on the Garfield as yet.

You have received a copy of letter from Mr. Racey, to us, regarding commissions on the Mabel and Garfield? Our understanding with Mr. Campbell was that he would write us a letter giving us clearance on that point, sort of a supplement to the agreement form already signed.

Our very best wishes to you and Mr. Campbell.

Very sincerely yours,

Tonopah, Nevada,
August 19, 1939.

Messrs. Ray W. Campbell and
H. J. Kressly,
Seattle, Washington.

Gentlemen:

The following memorandum of agreement covers terms of option on the G. M. group of four unpatented lode mining claims, in the Garfield Mining District, Mineral County, Nevada, which adjoin the Mabel Group on the west.

Purchase price to be \$15,000.00, payable as follows: \$5000.00 within 30 days after the date of this option; \$5000.00 30 days thereafter; and \$5000.00 30 days thereafter.

Any payments made are to be made in the names of F. C. Ninnis and H. D. Budelman, address Tonopah, Nevada.

It is understood that a formal option is to be drawn up later, with sketch showing approximate location of claims.

H. D. Budelman.

Approved:

Kressly and Campbell,

Seattle, Washington.

Gentlemen:

Since writing the enclosed letter re changes in form of Agreement as written on the first draft, we have given some thought to the idea stockholders permit to the terms of the Agreement.

As we have already told you, and written you, we do not know for sure whether or not our attorney will advise us to hold a stockholders meeting and ratify the Agreement. We have already written him for his opinion and should have it in a few days as he is now in Ely, Nevada. We do not expect that this could be an important factor in the business but it is well to mention it at this time also. As we have told you we do not believe there would be any difficulty about getting the consent of stockholders. Do you think that this should be mentioned in the agreement?

With kindest regards,

Very truly yours,

HDB:B

Secretary

August 28, 1939.

Mr. P. W. Racey,
2000 Clemens Road,
Oakland, California.

Dear Bob:

This is supplemental to Fred's letter of this date, and is in reply to your question in the third paragraph of your letter of the 26th.

I do not quite understand your question but will give you some information anyway, maybe it will be of some help.

The sulphide zone reached to about 30 feet above the 300 Level in the extreme westerly portion of the stoped area. The east side of the sulphide inclines easterly. The west side of the sulphide zone has not been reached. I do not recall any material change in values as the sulphide zone was approached, as at times the ore graded from oxidized to sulphide. As a whole I was under the impression that the average grade of the oxidized ore was higher than the sulphide, but the high grade lot shipped in June by the leasers sort of puts a doubt on that. I am also of the impression that the sulphide ore will average higher than the oxidized in gold, as proportioned to silver, although the same high grade shipment made by leasers sort of puts a doubt on that also. The extremes are shown in Lot 96, with a ratio of 1 oz. gold to 2 oz. silver; and Lot 34, with a ratio of 1 ounce gold to 275 ounces silver. One might almost conclude that the values are irregular in the metal ratio.

The smelter settlement sheets Fred has listed are extras and need not be returned.

There was no separate car from the 700 and 730 Levels, the ore from there was mixed with that from the 648 Intermediate.

Very sincerely yours,

HDB:B

August 26, 1939.

Messrs. Ray W. Campbell and
H. J. Kressly,
719 Second Avenue,
Seattle, Washington.

Gentlemen:

Referring to Agreement dated August 24, 1939, Between this company and yourselves, covering option on the Mabel Mine.

We have received three copies of the Agreement, through your Mr. Racey, and have made a careful study of it. There are a few minor changes which appear desirable and proper and they are listed below:

✓ Page 1, ppg. 3, Line 4. After "Boston No. 2" should be added "Mabel North". This is an additional claim which slipped my mind when listing the name of claims in the group.

✓ Page 2, 4(b), Line 3. Strike out the word "foot". The mine map number of this winze is 615.

✓ Page 5, under 1, third line. ("----(\$60,000.00), without deduction of any kind whatsoever, either for commission or otherwise, except as hereinafter provided, and payable in the following installments"

✓ Page 5, under 1, second ppg. The way this paragraph reads is not in accordance with our proposal, which should read as follows: "It is, however, mutually understood and agreed that party of the second part shall have the right to request an extension of up to one year on the due date of the last above listed payment of \$25,000.00, in which event the party of the first part shall have and may exercise the option, at any time prior to the termination of the extension period requested, of insisting upon the payment of the said payment of \$25,000.00 in full, or, in lieu thereof, of insisting upon its payment in the following manner, that is to say: (then continue as now written)"

✓ Page 7, under 6. In second line and third line strike out "for one year". In sixth line strike out "that is to say, to the 24th day of August, 1943." It is possible that an extension may be for less than a year, in which event this tie to a one year period might not be applicable.

Ray W. Campbell and H. J. Kressly 2.

August 26, 1939.

✓ Page 4, under 12, line 6. Should there not be some provision here for the leaving of buildings, ore bins, or such improvements as might be considered as permanent fixtures on the property. The way it reads now refers to underground additions only, we think such permanent structures as stated should be considered to become a part of the property.

✓ Fire Insurance and State and County Taxes. Fire Insurance is now paid to June 9, 1940, on amount of \$2500.00 valuation. Premium paid for one year \$68.75.

✓ State and County taxes are paid to the next installment, which will be the first installment on 1939 taxes, due the first Monday in December. The 1938 valuation was \$2820.00, rate 3.45, and total tax paid \$97.29.

✓ These tax and insurance items can be pro-rated or allowed to ride in any manner satisfactory to you. But there should be mention made in the Agreement that you will be responsible for the payment of both insurance and taxes after you once occupy the property. Let us have your comment on these items.

It is possible that you have found some alterations necessary or advisable, and we will expect to hear from you shortly about that, and as to the changes we have outlined in this letter. Otherwise there doesn't appear to be any important reason why the Agreement cannot be signed up, after rewriting the correction pages.

With kindest regards,

Very truly yours,

HDB:B

Secretary

Gentlemen:

We received word from Mr. Racey last night that the changes and additions we requested and outlined in our letter to you of the 26th were agreeable to you, and we have rewritten the agreement accordingly, making five copies in all.

Enclosed you will find three executed copies of Agreement between this company and yourselves, dated August 24, 1939, covering lease and option on the Mabel Mine group of claims. Please sign before notary public and return one executed copy to the West End Company at this address.

A copy of this letter, together with an unsigned copy of the Agreement, is being mailed to Mr. Racey at his Oakland address.

With kindest regards,

Very truly yours,

HDB:B

Secretary

August 28, 1939.

Mr. P. W. Racey,
2000 Clemens Road,
Oakland, Calif.

Dear Bob:

This is in reply to your letter of Aug 26th.

You will receive a copy of a letter re:
Mabel mine lease and option tomorrow morning.

In the matter of figuring ratio of gold and silver and other metals from ores mined below the 600 level, well, after going over the several smelter settlement sheets enclosed, we gave it up and decided to send the lot to you. It is also, impossible to segregate shipments from below the 600 level on account of more than one face producing ore and being mixed.

The following are the shipments listed as having been shipped from below the 600 level:

Shipped by company:

Lots 96, 98, 99, 100, 101,
102 and 103-2.

Shipped by leasers:

Lots 31, 33, 34, 36.

In the lots listed as having come from below the level and shipped by the company, we are reasonably sure of this listing tho there might have been some little mixing from ore above the level. I doubt if the amount was of any importance.

We hope the enclosed settlement sheets will give you the desired information.

With kind personal regards, in which Herman joins me

Sincerely

August 31, 1939.

Mr. P. W. Racey,
2000 Clemens Road,
Oakland, California.

Dear Bob:

This is in reply to your telegram of the 30th, regarding tools and equipment at the Mabel Mine, and distribution of money on development work as estimated by us.

There are practically no tools at the mine belonging to the company, at least not enough to bother listing. Most of the few on hand belong to the leasers, Wilson and Mackedon. The main equipment is the Chicago Pneumatic Hothead Compressor, which will take care of two jackhammer type drills, and the 25 HP Western gas engine hoist. There are buildings which will accomodate 10 men, more with a little crowding. Am not sure about the stove in the cook house, but am under the impression that with repair it may be O. K.

Estimated cost of shaft sinking is \$50 per foot. Our costs for sinking from the 500 to the 600 was just under \$40 per foot. We contracted the labor of breaking and mucking for \$12 per foot, the company furnishing all other labor and all supplies. Four men took this contract and sank the 100 feet in 23 days, working two men on a shift for two shifts per day.

Crosscutting, drifting and raising should not cost over \$10 per foot, including a reasonable cost for supervision. If you plan to put in a larger compressor and run more than three faces after you get started off the shaft the supervision charge will not be excessive per foot against development.

The following is my rough estimate on the distribution and costs of development work as we had planned it:

Building repairs, 3 new drills, steel and small tools,
1 used 40-50 HP gas hoist \$3500.00

Shaft repair	\$1000.00	
Shaft sinking, 300 feet @ \$50	<u>15000.00</u>	16000.00

Crosscut to vein on 700 or 800 and 900	300 feet	
West drift to point under 615 winze, on 2 levels	640 "	
Raise to connect to 730 level	175 "	

P. W. Racey 2.

August 31, 1939.

Drift east on 2 levels to Garfield line	320 feet	
Drift west on 2 levels past the 615 winze	300 "	
	1735 feet @ \$10	<u>\$17350.00</u>
Total		\$36850.00

This figure might be out in several instances, the \$10 foot cost for development is, in my opinion, plenty high, and some of the development planned by us might be cut out, depending on conditions encountered as work progresses. Also there should be some production as you go along.

If you decide to provide a better power plant, hoist and compressor, right off the bat, it will, of course, help in cutting your costs on development, but does mean an added initial investment. Naturally I would feel exactly as you do about that, and would recommend a better surface plant if money was available.

I am enclosing an extra copy of this letter, in case you wish to send it to Messrs. Kressly and Campbell.

Your wire did not reach us in time to get this data out yesterday. The stage mail closes at 1:00 P.M.

With kindest regards,

Very truly yours,

HDB:B

August 31, 1939.

Messrs. Ray W. Campbell and
Howard J. Kressly,
719 Second Avenue,
Seattle, Washington.

Gentlemen:

We yesterday received a telegram from Mr. Racey, requesting us to include water right clause in the rewrite of the option agreement on the Mabel Mine. The agreements had already been mailed when the telegram arrived so it was too late to incorporate the water right clause.

Our approved water right on Pepper Spring is for .008 second feet, about 5000 gallons per day. We originally made application for 1/10 second feet but the State Engineer cut us down to the .008 second feet as we were unable to show, at that time, beneficial use to exceed that amount.

It might be well for you to visit the State Engineers office and make application for additional water, if there be any available. We do not know what the present maximum flow of Pepper Springs is, how much might be developed, or what other applications may have been granted or are pending.

Mr. Ninnis and I have talked this matter over and are perfectly willing to include the water right in the Mabel Mine option.

Very truly yours,

HDB:B

Secretary

Charge West End

October 18, 1939.

Messrs. Ray W. Campbell and
Howard J. Kressly,
719 Second Avenue,
Seattle, Washington.

Gentlemen:

Referring to Mr. Campbell's recent suggestion that you provide a development fund for operation of the Mabel Mine, eliminating the idea of a purchase option for the present, development work to be commenced around March 1940.

We are favorable toward such a plan but we do not think it a reasonable idea to tie ourselves to such a definite policy until time has arrived to commence work. In other words we wish to be free to lease the mine, in whole or in part, in the meantime, or to option it in case we are able to make a favorable deal. We have already been approached by other parties and are considering their proposition, but will not make any kind of a deal until we feel that you have had what might be considered the first chance. Will you therefore please write us, stating your views on an option, along the lines given us by Mr. Campbell in Reno. You gentlemen have already put considerable time and effort on this deal and it is our conclusion that you should have every reasonable chance to do business on it before anyone else. In the meantime we are putting leasers in the mine as formerly, and have already granted three leases in the developed section of the mine.

On August 30 we sent you three executed copies of option agreement between this company and yourselves, covering the Mabel Group of claims. This agreement was never executed by you and as it has automatically expired due to the time element, can be of no further use to you. Will you please return all three copies to us so as to clear the slate.

An early reply will be very much appreciated.

Our very kindest regards to you both.

Very sincerely yours,

HDB:B

June 14th, 1939

West End Consolidated Mines Corp.,
Tonopah, Nevada

Attention Mr. Herman Budelman-Secretary
Mr. Fred Ninnas - President

Gentlemen:

We respectfully submit the following proposal for the purchase of the Mabel Mine near Tonopah, Nevada.

We are to organize a Washington Corporation for two and one half million shares in stock. You are to accept two million shares of stock for the Mabel Mine free and clear of all incumbrances and you are to sell us 1,200,000 shares of the 2,000,00 shares for \$40,000.00

This money is to be expended on the mine for development. The remaining 500,000 shares are to remain in the treasury.

It is understood that the purchase of 1,200,000 shares is to be bonified commitment or actual purchase and is to be paid for as follows:

\$15,000 cash within ten days after the inspection and approval of Mr. P. W. Racy and the balance, \$5000.00 per month until \$25,000 additional is paid or a total of \$40,000.00

It is further understood that you are to have the proxy control of sufficient shares added to the 40% that you will own to give you the voting control or management of this company for a period of three years.

It is further understood that when the 1,200,000 shares are issued they are to be escrowed in a bank mutually agreed upon and a proportionate amount of shares are to be released as the money is paid in.

Very truly yours,

Accepted

April 1st, 1939

Mr. F. C. Ninnis,
El Cortez Hotel,
SAN FRANCISCO, Cal.

Dear Fred:-

Thank you for your letter of
March 24th and its reference to the Mabel Mine.

Things have been working so
fast and furiously up here in connection with Spud
Valley matters that I have not had a chance yet to
talk Mabel Mine to anyone. As I am just on the point
of leaving town for a week or ten days, it will be
impossible to do anything until I get back.

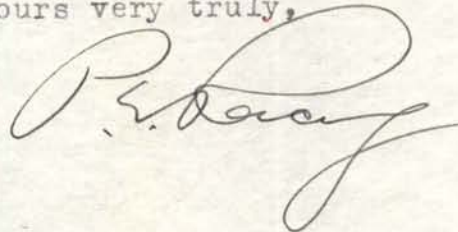

While in Death Valley, we had
a very small amount of rain but no snow. It certainly
did look stormy that day and we were just a little bit
worried ourselves as to what we might run into. However,
nothing happened.

Fred Penn and I returned to
Tonopah very late on the night of the 20th and were so
tired out that we did not contact anybody, but went
directly to bed and left next morning, at a very early
hour, for Oakland.

With kindest personal regards to
Mrs. Ninnis, Herman and yourself,

I am,

Yours very truly,

WEST END CONSOLIDATED MINES CORPORATION

EXECUTIVE OFFICE, TONOPAH, NEVADA

TONOPAH, NEVADA

F. C. NINNIS,
PRESIDENT AND TREASURER

H. D. BUDELMAN,
VICE PRESIDENT AND GENERAL MANAGER

June 21, 1939.

Kressly & Campbell, Inc.,
719 2nd Ave.,
Seattle, Washington.

Gentlemen:

This letter is to indicate to you our willingness, as officers and directors of the West End Consolidated Mines Corporation, to work with you on a plan to provide a fund for the development and operation of its Mabel Mine, and of the adjoining Garfield Mine in case we are able to secure an option on that property.

Details of any final plan to be adopted cannot be completed without additional conferences between you and us, and it is understood that any ideas and plans outlined herein are general and tentative only, but do indicate to each of us, and to you if accepted, a definite meeting of minds on a plan to provide capital for the proposed development work in the Mabel and Garfield Mines, and to carry out purchase provisions of the desired option on the Garfield Mine.

The following plan is agreeable to us, and is, we believe, in accord with conclusions reached after the several conferences between you and us:

1. You to organize a 3,000,000 share mining corporation under the laws of the state of Washington. Articles of Incorporation and By-laws of the new company to be submitted to us for approval before adoption.

2. In case we are unable to secure a reasonable option on the Garfield Mine, then in that event, the West End Corporation is to receive a net 1,020,000 shares of stock in the new company as payment in full for the Mable Mine; 980,000 shares is to be used to raise the \$40,000.00 capital mentioned herein below; and 1,000,000 shares will remain in the treasury of the new company.

3. In case the option on the Garfield Mine is secured and turned over to the new company, then the West End Corporation will return to the treasury of

June 21, 1939.

the said new company 220,000 shares of its 1,020,000 shares, for the purpose of raising additional funds for the development of the Garfield Mine and to meet the first two payments on the Garfield Mine option. It is desired that not more than 500,000 of the 1,000,000 treasury shares already provided for in 2 hereof shall be used in providing the necessary additional capital, which will leave 500,000 shares in the treasury.

4. You agree, under plan provided in 2 hereof, to raise the sum of \$40,000.00 for development purposes; or under the alternate 3 hereof to raise the total sum of \$50,000.00 for development purposes, and an additional amount necessary to meet the first and second payments on the Garfield Mine option.

5. In any event, the management of operations is to be in the hands of the West End Corporation for at least three years, subject at all times to conference and advice with yourselves and your engineer. Reasonable salary to be allowed for this supervision.

6. It is understood that title to the Mabel Mine will be transferred without encumbrance of any kind. We believe that it will be necessary for us to take the final proposed agreement to the stockholders for approval; and we are confident this approval can be obtained.

7. It is understood that insofar as you are concerned this memo agreement is not binding in any way until your engineer, P. W. Racey or other, has completed an examination and approval of the property or properties involved.

8. Unless otherwise changed or extended by supplemental agreements this memo agreement will terminate on August 25, 1939.

Please indicate your acceptance by signing and returning the enclosed duplicate copy to us at Tonopah, Nevada.

Very truly yours,

WEST END CONSOLIDATED MINES CORPORATION

SENECA 4215

June 28, 1939

Mr. F. C. Ninnis
c/o West End Cons. Mines Corp.
Tonopah, Nevada

My dear Ninnis:

We have sent you a liberal sample from the property that we are interested in at Humboldt Station, Nevada. You stated that you would see what you could work out regarding separating the values.

The writer took this sample from a dump which came from the bottom of a 60 ft. shaft of three cross-cuts and also a drift in the side hill at the top of this shaft. This is a particular sample of that area.

We assayed part of this which went \$2.80 per ton. The west cross-cut at the bottom of the shaft went \$1.40 per ton; south cross-cut went \$4.55 and the east cross-cut \$2.10. The sample from the base of the tunnel at top of shaft went \$3.15. But the sample we are sending you is material from the three cross-cuts and the drift in the hill at the top of the shaft where they are dumped.

Thanking you for your effort in this matter, we are,

Yours very truly,

BY 

HJK:BK

P. W. RACEY
MINING ENGINEER
610 PACIFIC BUILDING
VANCOUVER, B. C.

2000 Clemens Road,
Oakland, California.

June 23, 1939.

Mr F. C. Ninnis, President,
and
Mr H. D. Budelman, Secretary,
West End Consolidated Mines Corporation,
Tonopah, Nevada.

Gentlemen:

Yesterday I met Messrs Kressly and Campbell in Penryn and Sacramento and went over the letter you submitted to them covering the agreement you all have reached regarding the Mabel Mine and the possible option on the Garfield Mine.

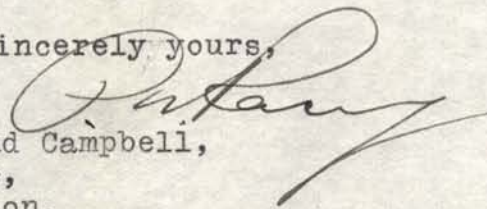

The contract is different than the deal submitted to me by yourselves, but that is satisfactory to me if it is to Kressly and Campbell.

However, I do not want any misunderstanding to arise about my commission. On the present basis I would have to look to you for the 5% offered me on the Mabel Mine deal and for one third of the spread received by you on the proposed Garfield Mine option and turnover to Messrs Kressly and Campbell or to the new company.

I am starting north this Sunday evening and expect to reach Vancouver about the fifth or sixth of July. Between now and then I will be out in the hills on examination work.

With kindest personal regards and every good wish for success, I am,

Sincerely yours,

Copy to Messrs Kressly and Campbell,
719 Second Avenue,
Seattle, Washington.

ARTICLES OF INCORPORATION

OF

MINE OPERATORS, INC.

KNOW ALL MEN BY THESE PRESENTS: That the undersigned, MARK EWALD, P. W. RACEY and W. L. DAFOE, all natural persons of full age, and citizens of the United States, have this day voluntarily associated ourselves for the purpose of organizing a corporation under the laws of the State of Washington, and to that end do subscribe and acknowledge these written Articles of Incorporation in triplicate.

ARTICLE I

The name of this corporation shall be:
MINE OPERATORS, INC.

ARTICLE II

The objects for which this corporation is formed are as follows:

1. To acquire, hold, work and operate mines and lodes bearing gold, silver, and other associated minerals; to carry on a general business of mining, milling, concentrating, converting, smelting, treating, preparing for market, manufacturing, buying, selling, exchanging, and otherwise producing and dealing in zinc, lead, gold, silver, copper, brass, iron, steel, coal, and in all kinds of ores, metals, and minerals, oils, petroleum, and natural gas, acids, and chemicals, and in the products and by-products there are of every kind and description and by whatsoever process the same can be or may hereafter be produced; and generally and without limit as to amount, to buy, sell, or exchange, lease, acquire, and deal in leads, mines, and minerals, rights and claims, and in the above specified products, and to conduct business pertaining to the foregoing within this State or any other State in the United States, its insular possessions and foreign countries.

2. To carry on as principals, agents, commission merchants or consignees, the business of mining, milling, concentrating, converting, smelting, treating, re-

fining, buying, selling, extracting, manufacturing, and dealing in the above specified products, or either of them, and of materials used in the manufacture of each, any, and all of such articles, and to carry on as such principals, agents, commissioners, merchants, or consignees, any other business which, in the judgment of the Board of Directors of the company, may be conveniently conducted in conjunction with any of the matters aforesaid, but only to the limits authorized under the laws of the State of Washington.

3. To purchase, lease, hold, mortgage, sell, and transfer real or personal property of all kinds and descriptions.

4. To appoint such officers, agents, servants, and employees, as the business of the corporation may from time to time require, to define their powers, to prescribe their duties, and to fix their compensation and to discharge them at pleasure, in accordance with the statutes and laws of the State of Washington.

5. To require of them such security as may be thought proper for the fulfillment of their duties and to remove them at will, except no Director shall be removed from office unless by a vote of two-thirds of the stockholders in the manner provided by the laws of the State of Washington.

6. To make and use a corporate seal and to alter the same at pleasure.

7. To make By-Laws not inconsistent with the laws of the State of Washington or of the United States. To have all powers necessary and proper for the management of its property, the regulation of its affairs, the transfer of its stock and for carrying on all kinds of business within the objects and purposes of the company.

8. To purchase, or otherwise acquire, and to own, possess, use, hold, invest in, sell, exchange, trade in, pledge, mortgage, hypothecate, assign, transfer, deal in, or otherwise dispose of, and in every lawful way and manner to deal generally in and with bonds, debentures, trust receipts, stocks, mortgages, notes, commercial papers, evidence of indebtedness or ownership, obligations, negotiable instruments of all nature and description, securities of every kind, character, class, and description, and while the owner thereof, to have, possess, and exercise all rights, powers, and privileges of ownership, including any and all voting powers and rights thereof, and to engage in and conduct a general bond, stock, mortgage, and investment securities business in any one or more, or all of the branches thereof, and to engage in, conduct and carry on a general business as bond and stock brokers in any one or more or all of the branches thereof, and to do all lawful things necessary, proper, suitable, or advisable to be done in carrying on and in furtherance of any such business, or all thereof, and to acquire by purchase, subscription, or otherwise, and to own, hold, possess, use, carry, sell, pledge, mortgage, hypothecate, assign, transfer, deliver, or

otherwise dispose of, and generally, in every lawful way and manner, deal in and with and to turn to account the shares of the capital stock, bonds, securities, and all or any other obligations and evidences of indebtedness of any other corporation or corporations, domestic or foreign, and to issue in exchange therefor the property or other obligations and evidences of indebtedness of this corporation, and to guarantee the obligations of other corporations in which this company owns stock or is in any other manner interested.

9. To act as broker in the purchase or sale of any kind and all kinds of personal and real property, or either thereof, and to charge for such service.

10. To construct, purchase, or otherwise acquire, to own, hold, lease, mortgage, pledge and hypothecate, and to sell, assign, transfer, lease, convey, deliver or otherwise dispose of, and to operate, manage, conduct, construct, develop, improve and in every lawful way and manner to deal in and with and to turn to account all kinds of property rights and assets or any thereof.

11. To apply for, acquire, buy, sell, assign, lease, pledge, mortgage, or otherwise dispose of, letters patent of the United States or of any foreign country, and all or any rights, territorial or otherwise, thereunder. To apply for, acquire, hold, sell, assign, lease, mortgage, or otherwise dispose of patent rights, licenses, copyrights, privileges, inventions, brands, labels, trademarks, trade-names, and pending applications therefor, relating to or useful in connection with any business of the corporation. To use, manufacture, or grant license under any letters patent owned or controlled by the company, and to expend money in experimenting upon and testing the validity or value of any patent rights the company may acquire or propose to acquire.

12. To buy, sell, manufacture, produce, and dispose of all kinds of goods, wares, merchandise, manufactures, commodities, foodstuffs, drugs, furniture, machinery, tools, supplies, and agricultural products, and generally to engage in and to carry on any form of manufacturing or mercantile enterprise, necessary or incidental to the business of the company.

13. To acquire licenses and franchises for the construction, leasing, operation, and maintenance of pipe lines, railroads, canals, dams, gas-works, power lines, viaducts, aqueducts, bridges, pumping stations, steam plants, and reservoirs; and generally to do anything necessary, proper or desirable to fully carry out and perform any and all rights and privileges thereunder.

14. To loan money of this corporation, and to take and hold as security therefor, or for any indebtedness to this corporation, notes, bills, bonds, mortgages, and pledges, or any other form of security, incumbrances, or

evidences of indebtedness, and to negotiate loans of every kind.

15. To act as insurance agent, as insurance broker, as insurance adjuster, and as insurance surveyor, or in any one of the foregoing capacities enumerated, pursuant to the Insurance Code of the State of Washington, or by virtue and under the Insurance Laws of the States of the United States, its territories or insular possessions, in which the company may do business.

16. To have, use and enjoy all the general rights, powers, and privileges, whether express or implied, given by the laws of the State of Washington, now conferred upon or granted or hereafter to be conferred upon or granted to private corporations organized under the general incorporation laws of the State of Washington.

17. To carry out all or any one of the objects and purposes of this corporation, as expressed, implied or referred to in this, Article II of these Articles of Incorporation, and to engage in, carry on, conduct and operate in the State of Washington, or elsewhere, all or any such lawful business as may be necessary, conducive, convenient, suitable, proper, incident, or desirable, directly or indirectly, in and about or to the carrying out of and effecting of any one or more of such objects and purposes, and to make and perform lawful contracts of any kind and description pertaining to, necessary, convenient, or conducive or proper in the furtherance of any, or the doing, accomplishing and transacting or carrying on of the business of this corporation, and to do and perform any and all lawful acts and things necessary, suitable or proper in carrying on its business, or for the purpose of further carrying out or accomplishing any one or more of its said objects and purposes, or which at any time shall appear conducive to or expedient for the preservation or benefit of this corporation; and to have, possess, enjoy and exercise all such powers and privileges as may be proper, requisite, convenient, or suitable in and about or conducive to the carrying out of any one or more or all of such objects and purposes, or the engaging in and carrying on of any part of the contracts of this corporation, or the doing and performing of any and all of the acts and things aforesaid.

18. It is the intention that the foregoing clauses shall be considered as powers, as well as objects and purposes, and that the foregoing enumeration of specific powers and purposes shall not be held in any wise to limit or restrict the general powers and privileges which may be exercised by or under the laws of the State of Washington.

ARTICLE III

The duration of this company shall be perpetual.

ARTICLE IV

The location and post office address of the registered office of the company, in this State, shall be 955

Dexter Horton Building, Seattle, Washington.

ARTICLE V

The capital stock of this company shall consist of three million (3,000,000) shares of fully paid and non-assessable common stock, with a par value of five cents (.05¢) per share, which may be issued from time to time for such consideration in money, labor, property, or services rendered as may be fixed by the Board of Directors. The amount of paid-in capital with which this company will begin business is Five Hundred (\$500.00) Dollars.

ARTICLE VI

The names and post office addresses of the Directors of this corporation who shall manage its affairs from the time of incorporation until the _____ day of _____, 1939, and until their successors are elected and qualified, are as follows:

<u>Name</u>	<u>Address</u>
MARK EWALD	Olympia Cannery, Olympia, Washington.
P. W. RACEY	2000 Clemens Road, Oakland, California.
W. L. DAFOE	1107 American Bank Bldg., Seattle, Washington.

ARTICLE VII

The number of shares of capital stock subscribed to by the parties to these Articles of Incorporation, is as follows:

<u>Name</u>	<u>Number of Shares</u>
MARK EWALD	9,998 shares
P. W. RACEY	1 share
W. L. DAFOE	1 share

IN WITNESS WHEREOF, we have hereto set our
hands this _____ day of July, 1939.

STATE OF WASHINGTON)
 : ss.
COUNTY OF KING)

THIS IS TO CERTIFY that on this _____ day
of July, 1939, before me, the undersigned, a Notary Public
in and for the State of Washington, personally appeared
MARK EWALD, P. W. RACEY and W. L. DAFOE, to me known to be
the individuals described in and who executed the within
and foregoing instrument, and acknowledged to me, each for
himself, and not one for the other, that he signed the same
as his free and voluntary act and deed for the uses and pur-
poses therein mentioned.

WITNESS MY HAND AND OFFICIAL SEAL the day and
year hereinabove first written.

Notary Public in and for the State
of Washington, residing at Seattle

September 11, 1939, the party of the second part may enter into and upon the demised ground and thereafter may work, operate and mine the same, and mine, extract, mill and market the mined product thereof during the term of this lease, it being understood that all work done upon said property shall be done in good and workmanlike manner, mine fashion, and in accordance with the laws, rules and regulations of the State of Nevada governing said work, and with due regard to the development and preservation of said premises as a workable mine or mines.

2. All workings on said property shall be well and properly timbered and shall be kept clear of loose rock and rubbish and no underhand stoping shall be done by the lessee save and except such as may be required to determine the dip and strikes of veins.

3. All workmen employed by lessee on said premises shall be kept fully covered by industrial insurance under the Workmen's Compensation Act of the State of Nevada at the expense of the lessee.

4. No lien shall be permitted to attach to said property on account of labor performed or materials furnished to the lessee. Lessee shall permit lessors to post and keep posted on said property such notice or notices as lessors may desire to post thereon to protect the premises from such liens attaching thereto.

5. The Lessee shall occupy and hold as the property of the lessors all lodes which may be discovered by lessee while working in and upon said demises premises, but lessee shall have the privilege of working the same as a part of the demised premises.

6. All annual labor required to be done to maintain the title of lessors on each and every of the eight unpatented

THIS AGREEMENT made and entered into this 2nd day of August, A. D. 1939, by and between NEW ELDORADO MINING COMPANY, a Nevada corporation, and W. J. HARRIS, of Reno, Nevada, the parties of the first part, and RAY W. CAMPBELL, of Seattle, Washington, the party of the second part,

W I T N E S S E T H:

That the parties of the first part for and in consideration of the sum of Ten Dollars (\$10.00), lawful money of the United States, to them paid by the party of the second part, and other good and valuable considerations by them had and received of and from the party of the second part, the receipt whereof is hereby acknowledged, do by these presents give and grant unto the party of the second part the full and exclusive option of purchasing, upon the terms and conditions hereinafter set forth, all of that certain mining property situate in the Garfield Mining District (sometimes called the Gold Range Mining District) in the County of Mineral, State of Nevada, and particularly described as and called the Lancashire, Manchester, Bolton, Atherton and Great Western patented lode mining claims, also the Last Dollar, Lucky Dwight, Dwight No. 1, Easter, South Great Western, B. & M. No. 1, B. & M. No. 2. and Iron Horse Jr. unpatented lode mining claims.

The purchase price to be paid for all of the foregoing property is the full sum of one hundred thousand dollars (\$100,000.00) net to parties of the first part, without deduction of any kind whatsoever, whether for commissions or otherwise, the same to be paid in the following installments:

\$5,000.00 to be paid on or before September 11, 1939
1,500.00 to be paid on or before December 11, 1939
1,500.00 to be paid on or before March 11, 1940
1,500.00 to be paid on or before June 11, 1940
1,500.00 to be paid on or before September 11, 1940

\$1,500.00 to be paid on or before December 11, 1940
5,000.00 to be paid on or before March 11, 1941
5,000.00 to be paid on or before June 11, 1941
5,000.00 to be paid on or before September 11, 1941
5,000.00 to be paid on or before December 11, 1941
5,000.00 to be paid on or before March 11, 1942
5,000.00 to be paid on or before June 11, 1942
5,000.00 to be paid on or before September 11, 1942
5,000.00 to be paid on or before December 11, 1942
5,000.00 to be paid on or before March 11, 1943
5,000.00 to be paid on or before June 11, 1943
5,000.00 to be paid on or before September 11, 1943
5,000.00 to be paid on or before December 11, 1943
5,000.00 to be paid on or before March 11, 1944
5,000.00 to be paid on or before June 11, 1944
17,500.00 to be paid on or before September 11, 1944.

Parties of the first part agree that upon receipt of the first payment of Five Thousand Dollars (\$5,000.00) falling due on or before September 11, 1939, they will forthwith make, execute, acknowledge and deliver to the Main Branch of the First National Bank of Nevada in Reno, Nevada, a good and sufficient deed conveying the above described properties to party of the second part free and clear of all encumbrances, save and except the paramount title of the United States in and to said unpatented claims, to be held by said Bank in escrow and with escrow instructions to said Bank directing the said Bank to deliver the said deed to party of the second part, or his order, when and if he shall pay or cause to be paid to said Bank for the credit of parties of the first part each and every of the above listed payments.

All royalties paid by party of the second part under the terms of the lease herein granted shall apply upon the installment of purchase price next to fall due and shall be so credited.

It is mutually understood and agreed that this option is given and is in all respects subject to a certain lease given May 1, 1938, to Steve Patrone, et al, on a portion of said premises, and which lease is now limited to expire November 1, 1939, and also that the parties of the first part shall have the privilege of granting to the holders thereof an extension of

one year of the term of said lease. And in this connection it is further agreed that the party of the second part shall be entitled to and shall be given credit on November 1, 1940, upon the installment of purchase price next to fall due from him, for each and every payment of royalty made to parties of the first part hereto by the said leasers subsequent to the time the party of the second part may have made his initial payment of Five Thousand Dollars (\$5,000.00) under the terms of this option.

It is further mutually understood and agreed that the parties of the first part reserve their title to and ownership of any and all rock, earth and mineral constituting and contained in dumps now situated upon said property, and that the parties of the first part shall not be required to pay any rental upon the premises by reason of their permitting said dumps to remain on the premises, and that the parties of the first part shall have the privilege of removing all or any part of said dumps at any time, which privilege shall be by them fully assignable.

The parties of the first part do by these presents demise and let unto the said party of the second part the hereinabove described and optioned premises for the term of said option, it being understood that this lease and the option herein granted are mutually dependent; that is to say, the failure of party of the second part to keep his option alive by the making of required payments shall result in the forfeiture of this lease; and the forfeiture of the lease herein granted by the breach of any of its terms, shall likewise work a forfeiture of the option hereinabove granted.

It is understood and agreed that the foregoing lease is granted upon the following terms and conditions:

1. Upon the making of his first payment of \$5,000.00 required to be made by party of the second part on or before

lode claims beginning with that required for the year 1939-1940 shall be performed by and at the expense of the lessee.

2 →
Out {
7. All development work shall be initiated and confined to the boundaries of the above described property, whether the same be done by shafts, tunnels or drifts.

8. The dumps situate on said premises are understood to be excluded from the lease hereby granted.

9. All ores, minerals and mine-product by the lessee extracted and marketed from said premises during the term of this lease shall be sold and marketed in the name of, and returns thereon shall be made to, Main Office, First National Bank of Nevada in Reno, Nevada, who shall be authorized to deduct from said returns, and credit to the account of the parties of the first part, the following royalties upon the net returns thereof, that is to say, upon the gross values thereof after the deduction of milling, hauling and smelter or mill charges, to-wit: on all ores of the value of \$10.00 per ton a royalty of 10%; on all ores over the value of \$10.00 per ton and up to and including \$50.00 per ton, a royalty of 15%; on all ores of a value over \$50.00 per ton and up to and including \$75.00 per ton, a royalty of 20%; on all ores of a value of over \$75.00 per ton, a royalty of 25%.

It is understood and agreed that party of the second part shall be given credit for all royalties thus paid, the same to be applied upon the installment of purchase price next to fall due from him under the terms of the option hereinabove granted.

10. It is further understood and agreed that the lease herein granted is in all respects subject to the prior lease granted by parties of the first part May 1, 1938, to Steve Patrone, et al, and that the parties of the first part have the privilege of extending the term of said lease to the first day of November, 1940.

11. Parties of the first part and their authorized representative shall have the privilege and right of entering into and upon the demised premises, and into any and all workings thereon, for the purpose of surveying, inspecting and sampling as they may from time to time desire.

12. Upon the default of party of the second part in making payment of any installment of the agreed purchase price, or upon the forfeiture of this lease by the lessee, for a violation of any of the terms hereof, party of the second part shall peaceably and quietly quit and surrender the said premises to the parties of the first part, including any and all improvements made or place thereupon by the party of the second part.

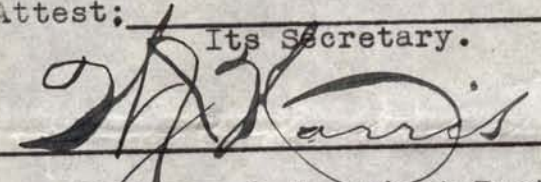

13. Time is of the essence of this agreement. It is also agreed that this agreement and each and every part thereof shall inure to the benefit of and shall extend to and bind the heirs, executors, administrators and assigns of the respective parties hereto.

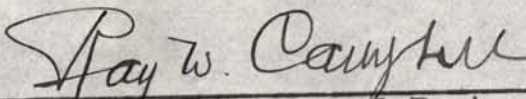

IN WITNESS WHEREOF this agreement has been duly executed the day and year first above written.

Mr. H. D. Budelman
West End Cons. Mines Corp.
Tonopah, Nevada

Dear Mr. Budelman:

We have your letter of July 1st and were pleased to hear from you. Regarding our letter to Mr. Winnis and the samples sent to him for his analysis will state that there is no particular rush about this.

However, we are concerned about the Garfield and we are in hopes that you would have an expression from these people regarding the same. Would it not be a good idea to see whether we can crowd this along?

Mr. Campbell is in British Columbia regarding our property up there. It is doing very well and we are anxious to get to work in Nevada. We are working on the incorporation papers and so far have not decided on a name for the incorporation. We had in mind when you had the Garfield in shape to call it the Mabel-Garfield Mines Incorporated. What do you think about this? Nevertheless we have left the name blank.

Mr. Campbell and myself expect to leave sometime next week for California and will bring these articles of incorporation with us so we can talk it over with you.

Now regarding the Racey matter on commissions will state that this has been left with Mr. Campbell and Mr. Racey, and we expect to see Mr. Racey before we leave for the south, and will take this matter up with you in person.

With kind regards to you and Mr. Ninnis, we are,

Yours very truly,

KRESSLY & CAMPBELL

BY 

HJK: BK

Messrs. Campbell and Kressly 2.

August 19, 1939.

30600.

If the 7th and final payment of \$31,000.00 be made to the West End Company on its due date the West End Company will deliver to Campbell and Kressly the 51% balance of the stock in the new company, and its interest in the new company will thereupon cease.

30600

If the said payment of \$31,000.00 be not made on its due date, then Campbell and Kressly have the privilege of requesting an extension of time for its payment up to an extension period of one year. At the end of said extension period if Campbell and Kressly are not prepared to make the \$31,000.00 payment on its due date it is understood that the West End Company thereupon has the option right to declare this option closed and retaining its 51% of the stock in the new company, or of granting Campbell and Kressly a further extension, or extensions, of time, with the right, at the end of any of said extension periods, if the said payment be not made as provided in said extension, of declaring this option closed and retaining the 51% of stock in the new company.

30600

Campbell and Kressly will pay to the West End Company a 25% royalty on net smelter returns, less hauling, on all ore shipped from the Mabel Mine; or the equivalent in case the ore be milled in their own milling plant or a custom plant; until such time as the entire required payments on purchase price are made or until the option be closed as provided in the paragraph above. It is understood that up to the time the \$31,000.00 payment normally falls due said royalty payments shall apply against the said \$31,000.00 payment; but any royalties paid after the normal due date of the \$31,000.00 payment, during the extension periods as provided herein, shall not apply against the \$31,000.00 payment but shall be retained by the West End Company as additional penalty payments on the purchase price. This provision shall extend on any and all extensions of time by the West End Company as provided herein.

In event Campbell and Kressly discontinue work in the Mabel Mine at any time prior to the completion of this contract by purchase, or the closing of this option after any extension as provided herein, the West End Company, as controlling interest holder in the new company, holding title to the Mabel Mine, shall have the privilege of resuming work in the Mabel Mine on its own account, complying with provisions in this option contract and ratio of ownership in distribution of any profits. In this event also if Campbell and Kressly cease work in the mine for a period of one year, during which period the West End Company is to have the right to use all machinery and equipment installed on the property, for operation of the Mabel Mine only, and is also to have an option to purchase the \$29,400.00 interest (49%) of Campbell and Kressly at the price paid, namely \$29,400.00, the rate of payments to be later arranged between the parties hereto, and also is to have an option on any or all of the ordinary movable equipment and machinery which has been placed on the property by Campbell and Kressly at a fair appraised value.

Messrs. Campbell and Kressly 3.

August 19, 1939.

We, as representatives of the West End Consolidated Mines Corporation, referred to above as the West End Company, agree to the terms of proposed option as outlined above herein.

THIS AGREEMENT made and entered into this 19th day of August, 1939, by and between H. D. Budelman and F. C. Ninnis of Tonopah, Nevada, parties of the first part, and Ray W. Campbell and H. J. Kressly of Seattle, Washington, parties of the second part,

WITNESSETH

That the parties of the first part, for and in consideration of the sum of Twenty Five Thousand (\$25,000.00) Dollars, lawful money of the United States, do by these presents sell to the parties of the second part the G.M. Group of four unpatented lode mining claims, situated in the Garfield Mining District, Mineral County, Nevada, payment to be made as follows:

The purchase price to be paid for the above described property is the sum of Twenty Five Thousand (\$25,000.00) Dollars, which parties of the second part agree to pay as follows:

- \$10,000.00 on the signing of this agreement, receipt of which is hereby acknowledged
- \$ 5,000.00 on or before September 19, 1939
- \$ 5,000.00 on or before October 19, 1939
- \$ 5,000.00 on or before November 19, 1939

EXECUTIVE OFFICE, TONOPAH, NEVADA

TONOPAH, NEVADA

F. C. NINNIS,

PRESIDENT AND TREASURER

H. D. BUDELMAN,

VICE PRESIDENT AND GENERAL MANAGER

August 19, 1939.

Messrs. Ray W. Campbell and
H. J. Kressly,
Seattle, Washington.

Gentlemen:

The following memorandum of agreement covers terms of proposed option on the Mabel Mine, property of this company, and is our understanding of the terms upon which we, as representatives of the West End Consolidated Mines Corporation, and you, as prospective purchasers, agreed upon during the past several days discussion. It is understood that a formal option is to be drawn up later, in which will be incorporated ordinary provisions usual in a mining option. We believe that it may be necessary for us to obtain our stockholders ratification of this agreement, but it is believed that the necessary ratification can readily be obtained if necessary.

This option to cover six unpatented lode claims in the Garfield Mining District, Mineral County, Nevada, as follows: Mabel No. 1, Mabel No. 2, Mabel No. 3, Mabel No. 4, Boston No. 1 and Boston No. 2; together with all buildings and equipment thereon which are the property of the West End Company.

Purchase price to be \$60,000.00, payable as follows:
\$2500.00 within 30 days after the date of this option; \$2500.00 60 days thereafter; \$5000.00 six months thereafter; \$5000.00 six months thereafter; \$5000.00 six months thereafter; \$9400.00 six months thereafter; and the balance of \$31,000.00 six months thereafter.
30,600.00

In case payments are discontinued before the 6th payment of \$9400.00 be made, the West End Company shall retain any payments already made and the property shall revert to the West End Company.

After the \$9400.00 payment is made, making a total of \$29,400.00 received by the West End Company, the parties hereto will share equally in the expense of incorporation of a non-assessable company, said cost not to exceed \$200.00, to which company the West End Company will deliver title to the Mabel Mine claims and property covered by this option, said company to be controlled by the West End Company, and the West End Company will deliver to Messrs. Campbell and Kressly 49% of the stock of the new company, as full consideration for the \$29,400.00 paid by Campbell and Kressly to the West End Company.

Reno, Nevada
August 24, 1939

West End Consolidated Mines Corporation
Tonopah, Nevada

Attention: Mr. F. C. Ninnis, President
Mr. H. D. Budelman, Vice President.

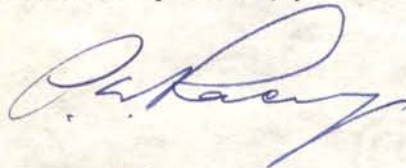

Dear Sirs:

Enclosed herewith are three copies of the "Mabel" Lease and Option, which has been drawn up by Mr. Cantwell. Four copies would have been sent except that Mr. Kressly and I each desire a copy for study.

If you find this agreement in order will you kindly sign it and affix the Company's seal in the usual manner and mail the three copies to Kressly and Campbell at 719 Second Avenue, Seattle, Washington, who will affix their signatures and return you two copies.

With kind personal regards and every good wish, I am

Yours very truly,

Encls. (3)

that all work done upon said property shall be done in good and workmanlike manner, mine fashion, and in accordance with the laws, rules and regulations of the State of Nevada governing such work, and with due regard to the development and preservation of said premises as a workable mine or mines.

2. Lessees shall work and mine said property by doing and performing at least 120 shifts of labor thereon during each calendar month of the term hereof, beginning with the month of October 1939, unless prevented from so doing by act of God, strikes, lockout, war, or extraordinary mining casualty.

3. All workings made by lessees on said property and all present workings thereon which are utilized by the lessees shall be well and properly timbered and shall be kept clear of loose rock and rubbish.

4. Lessees shall do, perform and complete the following specified work:

(a) Lessees shall sink the Mabel shaft three hundred (300) feet vertically below the floor of the present six hundred (600) foot level;

(b) Lessees shall cross-cut and drift from the Mabel shaft so extended to a point directly below the six hundred fifteen (615) ~~foot~~ winze and drive a raise therefrom to make connection with the present seven hundred thirty (730) foot level.

5. All workmen employed by lessees on said premises shall be kept fully covered by industrial insurance under the Workmen's Compensation Act of the State of Nevada at the expense of the lessees.

6. No lien shall be permitted to attach to said property on account of labor performed or materials furnished

to the lessees. Lessees shall permit lessor to post and keep posted on said property such notice or notices as lessor may desire to post thereon to protect the premises from such liens attaching thereto.

7. Party of the first part and its authorized representatives shall have the privilege and right of entering into and upon the demised premises and into any and all workings thereon for the purpose of surveying, inspecting and sampling, as they may from time to time desire.

8. Lessor shall deliver to lessees all mine plans, and all engineering and production data in its possession that may be required by lessees.

9. Lessees shall do and perform and make proper record of all annual labor required by Federal law to preserve the title and right of possession of lessor in and to each and every of the above named mining claims.

10-
11-
10. All ores, minerals and mine product by the lessees extracted and marketed from said premises during the term of this lease shall be sold and marketed in the name of the "Mabel Mine" and returns thereon shall be made to the Tonopah Branch, First National Bank of Nevada, in Tonopah, Nevada, who shall be authorized to deduct from said returns and to credit to the account of the lessor a royalty of twenty-five per cent (25%) of the smelter returns, less only hauling, freight and treatment charges, and after deduction of said royalty to credit the balance to the account of the lessees.

11. It is understood and agreed that if the lessor shall at any time wish to claim lessees have forfeited this lease by reason of any breach by them of conditions herein contained, the lessor shall give written notice thereof to the

lessees by mail addressed to them at No. 719 Second Avenue, Seattle, Washington, and that the lessees shall have thirty (30) days from and after the mailing of such notice within which to cure such default before the lessor shall claim such forfeiture. It is further understood and agreed that any notice desired or required to be given by the lessees to the lessor relative hereto may be given in writing mailed to lessor at Tonopah, Nevada.

and all buildings, no mine or other similar permanent improvements

14 ~~12~~. Upon the termination of this lease by the expiration of the term thereof, or upon the forfeiture of this lease by breach of any term thereof, the lessees shall peaceably and quietly quit and surrender the said premises to the lessor, including any and all improvements made or placed thereon by the lessees below the collar of the shafts, and expressly including all pipe and rails installed underground; ^{and} And in this connection it is specifically understood and agreed that the lessees shall permit all new machinery and equipment by them installed thereon to remain in place for a period of one hundred and eighty (180) days, during which time lessor shall have ^{the right to use said machinery and equipment, and shall have} the option to purchase the same at a price to be agreed upon by lessor and lessees, and in the event of their failure to effect such sale the lessees shall have the privilege of thereafter removing such machinery and equipment from the premises. It is further understood and agreed that lessees shall have sixty (60) days after such forfeiture or termination of this lease to remove, market and mill all ore by lessees broken prior to such forfeiture or termination of this lease, subject, however, to the payment of royalty as hereinabove provided.

And the said party of the first part, in consideration of the premises and the observance by parties of the second

part of each and every of the herein contained covenants on the part of the lessees to be kept and performed, does by these presents give and grant unto the parties of the second part the full and exclusive option of acquiring the capital stock of a corporation to which party of the first part will transfer the ownership of the hereinabove described mining property upon the following express terms and conditions:

1. The total price to be paid by parties of the second part to party of the first part is the sum of sixty thousand dollars (\$60,000.00), ^{the latter} payable in the following installments:

\$ 2,500.00 thereof to be paid on or before October 9, 1939;
10,000.00 thereof to be paid on or before August 24, 1940;
5,000.00 thereof to be paid on or before February 24, 1941;
5,000.00 thereof to be paid on or before August 24, 1941;
12,500.00 thereof to be paid on or before February 24, 1942;
25,000.00 thereof to be paid on or before August 24, 1942.

It is, however, mutually agreed that if parties of the second part request an extension (for one year) in the due date of the last above listed payment of \$25,000.00, the party of the first part shall have and may exercise the option of granting such requested extension, or, in lieu thereof, of insisting upon its payment on August 24, 1943, in the following manner, that is to say: by the payment of ten thousand dollars (\$10,000.00) in cash and the retention by party of the first part of a twenty-five per cent (25%) interest in the capital stock of the corporation which will then be the owner of said property, as hereinafter provided.

2. It is understood and agreed that after the first payment of two thousand five hundred dollars (\$2,500.00) due October 9, 1939, and the second payment of ten thousand dollars (\$10,000.00) due August 24, 1940, have both been made by the parties of the second part, the parties hereto will cause a corporation to be formed under the laws of the state of Nevada,

the stock of which shall be nonassessable, and shall have a total authorized capital stock as may be then agreed upon by the parties hereto, and that upon such corporation being formed party of the first part will forthwith convey to such corporation title to the above described mining property free and clear of all encumbrances, save and except the paramount title of the United States in and to said claims, in consideration of the issuance by said corporation of such portion of its total authorized capital stock as may be then agreed upon by the parties hereto, it being further understood and agreed that forty-nine per cent (49%) of the stock so issued shall be issued to the parties of the second part and fifty-one per cent (51%) thereof shall be issued to the party of the first part.

3. It is further understood and agreed that up to the extent of two hundred dollars (\$200.00), the parties hereto shall bear equally in the expense of forming such corporation, and that in the event the total expense of incorporating said company shall exceed the sum of \$200.00, the excess shall be paid solely by the parties of the second part.

4. It is further understood and agreed that if and when the parties of the second part have fully paid in cash the remaining installments of purchase price, as hereinabove set forth, the party of the first part will forthwith transfer to the parties of the second part the fifty-one per cent (51%) of capital stock in such corporation which has been so issued to it; but in the event the final payment of twenty-five thousand dollars (\$25,000.00) is not fully paid in cash, but by the payment of ten thousand dollars (\$10,000.00) in cash and retention of a twenty-five per cent (25%) interest in the property, party of the first part shall cause to be transferred to parties of the second part an additional twenty-six per cent (26%) of the total issued capital stock of said new corporation, and

to the lessees. Lessees shall permit lessor to post and keep posted on said property such notice or notices as lessor may desire to post thereon to protect the premises from such liens attaching thereto.

7. Party of the first part and its authorized representatives shall have the privilege and right of entering into and upon the demised premises and into any and all workings thereon for the purpose of surveying, inspecting and sampling, as they may from time to time desire.

8. Lessor shall deliver to lessees all mine plans, and all engineering and production data in its possession that may be required by lessees.

9. Lessees shall do and perform and make proper record of all annual labor required by Federal law to preserve the title and right of possession of lessor in and to each and every of the above named mining claims.

10. All ores, minerals and mine product by the lessees extracted and marketed from said premises during the term of this lease shall be sold and marketed in the name of the "Mabel Mine" and returns thereon shall be made to the Tonopah Branch, First National Bank of Nevada, in Tonopah, Nevada, who shall be authorized to deduct from said returns and to credit to the account of the lessor a royalty of twenty-five per cent (25%) of the smelter returns, less only hauling, freight and treatment charges, and after deduction of said royalty to credit the balance to the account of the lessees.

11. It is understood and agreed that if the lessor shall at any time wish to claim lessees have forfeited this lease by reason of any breach by them of conditions herein contained, the lessor shall give written notice thereof to the

the stock of which shall be nonassessable, and shall have a total authorized capital stock as may be then agreed upon by the parties hereto, and that upon such corporation being formed party of the first part will forthwith convey to such corporation title to the above described mining property free and clear of all encumbrances, save and except the paramount title of the United States in and to said claims, in consideration of the issuance by said corporation of such portion of its total authorized capital stock as may be then agreed upon by the parties hereto, it being further understood and agreed that forty-nine per cent (49%) of the stock so issued shall be issued to the parties of the second part and fifty-one per cent (51%) thereof shall be issued to the party of the first part.

3. It is further understood and agreed that up to the extent of two hundred dollars (\$200.00), the parties hereto shall bear equally in the expense of forming such corporation, and that in the event the total expense of incorporating said company shall exceed the sum of \$200.00, the excess shall be paid solely by the parties of the second part.

4. It is further understood and agreed that if and when the parties of the second part have fully paid in cash the remaining installments of purchase price, as hereinabove set forth, the party of the first part will forthwith transfer to the parties of the second part the fifty-one per cent (51%) of capital stock in such corporation which has been so issued to it; but in the event the final payment of twenty-five thousand dollars (\$25,000.00) is not fully paid in cash, but by the payment of ten thousand dollars (\$10,000.00) in cash and retention of a twenty-five per cent (25%) interest in the property, party of the first part shall cause to be transferred to parties of the second part an additional twenty-six per cent (26%) of the total issued capital stock of said new corporation, and

shall retain twenty-five per cent (25%) of such total issued capital stock.

5. It is understood and agreed that all royalties paid by the parties of the second part under the terms of the lease hereinabove granted shall be applied upon the agreed sixty thousand dollars' purchase price, but that the credit shall be applicable to the five thousand dollars' installment due February 24, 1941, and to subsequent installments, but shall not be credited upon either the first or second hereinabove required installments.

6. In the event the due date of the final payment of twenty-five thousand dollars (\$25,000.00) is extended ~~(for one year)~~ by party of the first part, as provided in paragraph 1 on page 5 hereof, the term of the lease herein granted to parties of the second part will be automatically extended for a like period, ~~(that is to say, to the 24th day of August, 1943.)~~

7. It is further expressly understood and agreed that the lease granted herein, and the option of acquiring ownership in said corporation are mutually dependent; that is to say, a forfeiture of the lease shall work an immediate termination and forfeiture of such option, and a forfeiture of the option shall likewise work an immediate forfeiture and termination of the lease.

8. Time is of the essence of this agreement, and it is mutually agreed that this agreement, and each and every part thereof, shall inure to the benefit of and shall extend to and bind the heirs, executors, administrators and assigns of the respective parties hereto.

IN WITNESS WHEREOF this agreement has been duly

1st draft
not executed.

THIS AGREEMENT made and entered into this 24th day of August, A. D. 1939, by and between WEST END CONSOLIDATED MINES CORPORATION, a corporation, having its principal office in Tonopah, Nevada, the party of the first part, and RAY W. CAMPBELL and HOWARD J. KRESSLY, both of Seattle, Washington, the parties of the second part,

WITNESSETH:

That the party of the first part does by these presents demise and let unto the parties of the second part, for the term beginning with the date hereof and expiring at twelve o'clock noon on the 24th day of August, 1942, and upon the terms and conditions hereinafter fully set forth, all of that certain mining property situate in the Garfield Mining District (sometimes called the Gold Range Mining District) in the County of Mineral, State of Nevada, and particularly described as follows:

That certain group of unpatented lode mining claims known as and called the Mabel Group and comprising the Mabel No. 1, Mabel No. 2, Mabel No. 3, Mabel No. 4, Boston No. 1, Boston No. 2 unpatented lode mining claims, together with all the buildings and equipment thereon which are the property of the party of the first part.

This lease is granted by party of the first part and accepted by the parties of the second part upon each and every of the following terms and conditions:

1. The parties of the second part may enter into and upon the demised ground and work, operate and mine the same, and mine, extract, mill and market the mine product thereof during the term of this lease, it being understood

that all work done upon said property shall be done in good and workmanlike manner, mine fashion, and in accordance with the laws, rules and regulations of the State of Nevada governing such work, and with due regard to the development and preservation of said premises as a workable mine or mines.

2. Lessees shall work and mine said property by doing and performing at least 120 shifts of labor thereon during each calendar month of the term hereof, beginning with the month of October 1939, unless prevented from so doing by act of God, strikes, lockout, war, or extraordinary mining casualty.

out 3. All workings made by lessees on said property and all present workings thereon which are utilized by the lessees shall be well and properly timbered and shall be kept clear of loose rock and rubbish.

4. Lessees shall do, perform and complete the following specified work:

(a) Lessees shall sink the Mabel shaft three hundred (300) feet vertically below the floor of the present six hundred (600) foot level;

(b) Lessees shall cross-cut and drift from the Mabel shaft so extended to a point directly below the six hundred fifteen (615) winze and drive a raise therefrom to make connection with the present seven hundred thirty (730) foot level.

5. All workmen employed by lessees on said premises shall be kept fully covered by industrial insurance under the Workmen's Compensation Act of the State of Nevada at the expense of the lessees.

6. No lien shall be permitted to attach to said property on account of labor performed or materials furnished

SHAFT
SINKING

lessees by mail addressed to them at No. 719 Second Avenue, Seattle, Washington, and that the lessees shall have thirty (30) days from and after the mailing of such notice within which to cure such default before the lessor shall claim such forfeiture. It is further understood and agreed that any notice desired or required to be given by the lessees to the lessor relative hereto may be given in writing mailed to lessor at Tonopah, Nevada.

12. Upon the termination of this lease by the expiration of the term thereof, or upon the forfeiture of this lease by breach of any term thereof, the lessees shall peaceably and quietly quit and surrender the said premises to the lessor, including any and all improvements made or placed thereon by the lessees below the collar of the shafts, and expressly including all pipe and rails installed underground. And in this connection it is specifically understood and agreed that the lessees shall permit all new machinery and equipment by them installed thereon to remain in place for a period of one hundred and eighty (180) days, during which time lessor shall have the option to purchase the same at a price to be agreed upon by lessor and lessees, and in the event of their failure to effect such sale the lessees shall have the privilege of thereafter removing such machinery and equipment from the premises. It is further understood and agreed that lessees shall have sixty (60) days after such forfeiture or termination of this lease to remove, market and mill all ore by lessees broken prior to such forfeiture or termination of this lease, subject, however, to the payment of royalty as hereinabove provided.

And the said party of the first part, in consideration of the premises and the observance by parties of the second

part of each and every of the herein contained covenants on the part of the lessees to be kept and performed, does by these presents give and grant unto the parties of the second part the full and exclusive option of acquiring the capital stock of a corporation to which party of the first part will transfer the ownership of the hereinabove described mining property upon the following express terms and conditions:

1. The total price to be paid by parties of the second part to party of the first part is the sum of sixty thousand dollars (\$60,000.00), payable in the following installments:

\$ 2,500.00 thereof to be paid on or before October 9, 1939;
10,000.00 thereof to be paid on or before August 24, 1940;
5,000.00 thereof to be paid on or before February 24, 1941;
5,000.00 thereof to be paid on or before August 24, 1941;
12,500.00 thereof to be paid on or before February 24, 1942;
25,000.00 thereof to be paid on or before August 24, 1942.

It is, however, mutually agreed that if parties of the second part request an extension for one year in the due date of the last above listed payment of \$25,000.00, the party of the first part shall have and may exercise the option of granting such requested extension, or, in lieu thereof, of insisting upon its payment on August 24, 1943, in the following manner, that is to say: by the payment of ten thousand dollars (\$10,000.00) in cash and the retention by party of the first part of a twenty-five per cent (25%) interest in the capital stock of the corporation which will then be the owner of said property, as hereinafter provided.

2. It is understood and agreed that after the first payment of two thousand five hundred dollars (\$2,500.00) due October 9, 1939, and the second payment of ten thousand dollars (\$10,000.00) due August 24, 1940, have both been made by the parties of the second part, the parties hereto will cause a corporation to be formed under the laws of the state of Nevada,

shall retain twenty-five per cent (25%) of such total issued capital stock.

5. It is understood and agreed that all royalties paid by the parties of the second part under the terms of the lease hereinabove granted shall be applied upon the agreed sixty thousand dollars' purchase price, but that the credit shall be applicable to the five thousand dollars' installment due February 24, 1941, and to subsequent installments, but shall not be credited upon either the first or second hereinabove required installments.

6. In the event the due date of the final payment of twenty-five thousand dollars (\$25,000.00) is extended for one year by party of the first part, as provided in paragraph 1 on page 5 hereof, the term of the lease herein granted to parties of the second part will be automatically extended for a like period, that is to say, to the 24th day of August, 1943.

7. It is further expressly understood and agreed that the lease granted herein, and the option of acquiring ownership in said corporation are mutually dependent; that is to say, a forfeiture of the lease shall work an immediate termination and forfeiture of such option, and a forfeiture of the option shall likewise work an immediate forfeiture and termination of the lease.

8. Time is of the essence of this agreement, and it is mutually agreed that this agreement, and each and every part thereof, shall inure to the benefit of and shall extend to and bind the heirs, executors, administrators and assigns of the respective parties hereto.

IN WITNESS WHEREOF this agreement has been duly

executed the day and year first above written.

to use said machinery and equipment, and shall have the option to purchase the same at a price to be agreed upon by lessor and lessees, and in the event of their failure to effect such sale the lessees shall have the privilege of thereafter removing such machinery and equipment from the premises. It is further understood and agreed that lessees shall have sixty (60) days after forfeiture or termination of this lease to remove, market and mill all ore by lessees broken prior to such forfeiture or termination of this lease, subject, however, to the payment of royalty as hereinabove provided.

And the said party of the first part, in consideration of the premises and the observance by parties of the second part of each and every of the herein contained covenants on the part of the lessees to be kept and performed, does by these presents give and grant unto the parties of the second part the full and exclusive option of acquiring the capital stock of a corporation to which party of the first part will transfer the ownership of the hereinabove described mining property upon the following express terms and conditions:

1. The total price to be paid by parties of the second part to party of the first part is the sum of sixty thousand dollars (\$60,000.00), without deduction of any kind whatsoever, either for commission or otherwise, except as hereinafter provided, and payable in the following installments:

\$ 2,500.00 thereof to be paid on or before October 9, 1939; *Oct 9-40*
10,000.00 thereof to be paid on or before August 24, 1940;
5,000.00 thereof to be paid on or before February 24, 1941; *Mar 8, 41*
5,000.00 thereof to be paid on or before August 24, 1941; *Oct 9, 41*
12,500.00 thereof to be paid on or before February 24, 1942; *Mar 11, 42*
25,000.00 thereof to be paid on or before August 24, 1942. *Oct 9, 42*

It is, however, mutually agreed that if parties of the second part exercise their right to request an extension

Mr F. C. Ninnis -2.

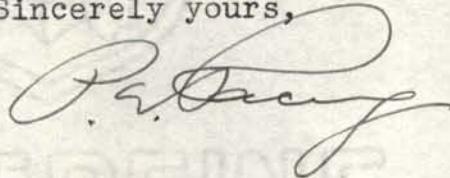

September 19, 1939.

I have been considerably delayed in getting back down south to get things started as we all had planned, but you will understand that the war situation has upset all calculations and all are worried and disturbed as to what may happen to investments and new undertakings of all kinds, such as this operation in particular.

I plan to leave on tomorrow's Cascade for Oakland and should arrive there about 1 p.m. Thursday. If you can grant the above requests, please wire me there.

With the best of good wishes to you both and hoping that the war is not hitting you as hard as it is the boys up here, I am,

Sincerely yours,

PWR/R

Mr H. D. Budelman,
West End Consolidated Mining Co.,
Tonopah, Nevada.

Dear Herman:

Thanks for your letter giving the estimated cost of doing the work that is planned at the Mabel mine.

In making this, it sort of seems to me that you planned to use a lot of equipment and outfit that must have been removed by the West End Company after it ended the Company account work.

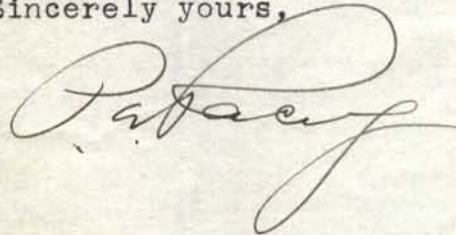

Is that equipment available? Barnett will be starting to get things lined up for a start shortly and we do not want to spend any more money on tools, etc., etc than we have to. So if you have any equipment that would do for this work and won't cost too much please let me know as soon as you can, and what it will cost.

I plan to leave for the south again next Friday evening after completing my visit to Zeballos to which place I fly today.

My Vancouver address is changed, as you see above. When answering this time please send a copy to Oakland as well as here. Thanks.

Regards to Fred.

Sincerely yours,

Note from Herman.

Dear Herman:

Thank you for your several letters dated August 28th, 30th and 31st and for the smelter returns and the copy of the rewritten agreement with Messrs Kressly and Campbell and the West End Consolidated Mines Corp..

When talking to Mr Campbell on the telephone last night he had not yet received the new copies of the agreement but should get them today. Pending their study of the new items, I can see nothing amiss with them.

Thanks for what you say regarding your Company's rights to some of the water from Pepper Springs. We will follow this up.

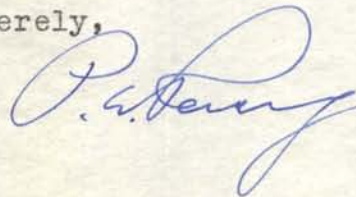

You will be interested to learn that we have engaged Mr George I. Barnett to take charge of the work at the Mabel-Garfield.

I leave tomorrow for Seattle and Vancouver, where, by the way, you will see from the above that my Vancouver office is being changed to the Royal Trust Building. This in future will be my Canadian address. As soon as I get through with a short visit to Zeballos and have moved my office furniture I will double back here and get things started at the Mabel with Barnett. This should be somewhere between the 15th and 20th of this month.

Mr Campbell asked me to tell you that the Detroit deal was accomplished and for you and Fred "to use your judgment".

Sincerely,

Cc. Kressly and Campbell

Dear Herman:

As requested in your letter to Messrs Ray W. Campbell and Howard J. Kressly dated October 18, 1939, a copy of which you sent me, there is being returned herewith the signed copy of the G. M. Group agreement entered into between you, Mr Ninnis and they.

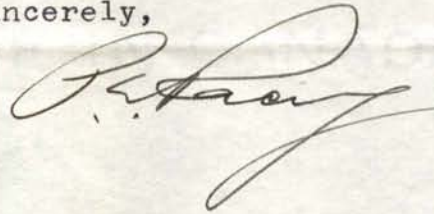

Enclosed herewith also are the several smelter returns you loaned me. Thanks for them.

Ray Campbell has been confined to hospital for the past week or thereabouts and Mrs Kressly has been very ill at the same time. This has kept them from doing any business lately.

I am leaving for the north this evening and will be absent till November 6th.

Best regards.

Sincerely,

PWR/R

Dear Fred:

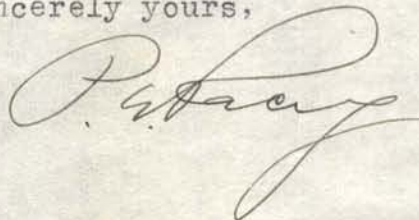

My back injury is improving so that I should be able to get on the road again by the beginning of the coming week. At the moment the doctor will not let me set foot in a car at all for fear of displacing something again, but that order should be lifted by Sunday.

Anyhow, this evening I was talking to Mr Kressly over the phone and he is prepared to come south the first of the week. That is, he and or Mr Campbell. So will you let me know what day would be convenient for you and Herman to meet us in Reno.

We have not let Mr Barnett commit us for anything on Mabel mine account till we get this all ironed out to everyone's satisfaction. The stiffness of the Garfield deal was just a bit too much for the Seattle group who are not prepared to put up money for a doubtful, mostly worked-out property until they have been given a chance to spend some cash on exploration. All the hardboiled strings that the owners hitched on to that deal simply drove the purchasers to cover and present world poletics settled the matter when Messrs Harris and Miller would not ease up at all.

Best regards to you both and to Herman.

Sincerely yours,

PWR

Dear Fred:

Thank you for the telegram of today's date.

The terribly unsettled condition of world politics has so upset everyone up here that those who were providing the funds for the exploration for the exploration of the Mabel mine feel that the risks involved by following out the Mabel option as now written would be very great in the face of the fact that the mine is largely depleted of ore and that the low values in the vein under the Atherton ore shoot constitute a warning when applied to what may be found at greater depth in the Mabel mine. These gentlemen realize also that, at best, the undertaking would result in a rather small operation.

However, they express willingness to spend money on exploration work if the risk can be lessened, and for this reason they ask that the terms of the option be altered as follows:-

Page 5, pp 1, payment schedule to be made to read as follows:-

\$12,500.00	thereof	to be paid on or before	October 9, 1940.

Dear Herman and Fred:

No doubt Howard wrote you that I came back from my trip with the flu. Have been laid up until just a few days ago and haven't yet got my feet on the ground.

I am writing this letter to let you know that I am still alive and haven't yet had a chance to get on the job. You will hear from me in a day or two.

Best wishes.

Yours very truly,

Mr H. D. Budelman,
Tonopah,
Nevada.

Dear Herman:

The copy of your letter to Messrs Kressly and Campbell and dated October 18th has been received. Also, the note re Vancouver Island property was duly received.

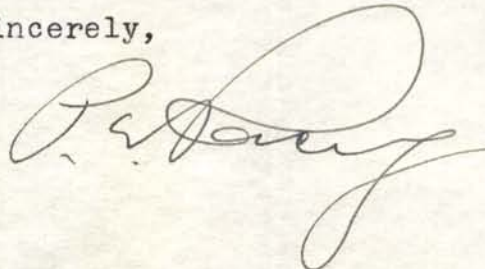

The copy of the letter you wish returned must have been left in Oakland as I do not find it in my file here. As I will be flying down there tomorrow night I will look for it and send it to you as soon as I can.

We now have George Barnett in full charge of the Alabama-California mine at Auburn where he appears to be taking hold in a very fine manner judging by what Mr Knight, etc have reported to me.

My back still bothers a little, but it is greatly improved and I should shortly be quite O.K. again. Thanks for the good wishes.

My best to Fred and yourself,

Sincerely,

that all work done upon said property shall be done in good and workmanlike manner, mine fashion, and in accordance with the laws, rules and regulations of the State of Nevada governing such work, and with due regard to the development and preservation of said premises as a workable mine or mines.

2. Lessees shall work and mine said property by doing and performing at least 120 shifts of labor thereon during each calendar month of the term hereof, beginning with the month of October 1939, unless prevented from so doing by act of God, strikes, lockout, war, or extraordinary mining casualty.

3. All workings made by lessees on said property and all present workings thereon which are utilized by the lessees shall be well and properly timbered and shall be kept clear of loose rock and rubbish.

4. Lessees shall do, perform and complete the following specified work:

(a) Lessees shall sink the Mabel shaft three hundred (300) feet vertically below the floor of the present six hundred (600) foot level;

(b) Lessees shall cross-cut and drift from the Mabel shaft so extended to a point directly below the six hundred fifteen (615) foot winze and drive a raise therefrom to make connection with the present seven hundred thirty (730) foot level.

5. All workmen employed by lessees on said premises shall be kept fully covered by industrial insurance under the Workmen's Compensation Act of the State of Nevada at the expense of the lessees.

6. No lien shall be permitted to attach to said property on account of labor performed or materials furnished

to the lessees. Lessees shall permit lessor to post and keep posted on said property such notice or notices as lessor may desire to post thereon to protect the premises from such liens attaching thereto.

7. Party of the first part and its authorized representatives shall have the privilege and right of entering into and upon the demised premises and into any and all workings thereon for the purpose of surveying, inspecting and sampling, as they may from time to time desire.

8. Lessor shall deliver to lessees all mine plans, and all engineering and production data in its possession that may be required by lessees.

9. Lessees shall do and perform and make proper record of all annual labor required by Federal law to preserve the title and right of possession of lessor in and to each and every of the above named mining claims.

10. All ores, minerals and mine product by the lessees extracted and marketed from said premises during the term of this lease shall be sold and marketed in the name of the "Mabel Mine" and returns thereon shall be made to the Tonopah Branch, First National Bank of Nevada, in Tonopah, Nevada, who shall be authorized to deduct from said returns and to credit to the account of the lessor a royalty of twenty-five per cent (25%) of the smelter returns, less only hauling, freight and treatment charges, and after deduction of said royalty to credit the balance to the account of the lessees.

11. It is understood and agreed that if the lessor shall at any time wish to claim lessees have forfeited this lease by reason of any breach by them of conditions herein contained, the lessor shall give written notice thereof to the

lessees by mail addressed to them at No. 719 Second Avenue, Seattle, Washington, and that the lessees shall have thirty (30) days from and after the mailing of such notice within which to cure such default before the lessor shall claim such forfeiture. It is further understood and agreed that any notice desired or required to be given by the lessees to the lessor relative hereto may be given in writing mailed to lessor at Tonopah, Nevada.

12. Upon the termination of this lease by the expiration of the term thereof, or upon the forfeiture of this lease by breach of any term thereof, the lessees shall peaceably and quietly quit and surrender the said premises to the lessor, including any and all improvements made or placed thereon by the lessees below the collar of the shafts, and expressly including all pipe and rails installed underground. And in this connection it is specifically understood and agreed that the lessees shall permit all new machinery and equipment by them installed thereon to remain in place for a period of one hundred and eighty (180) days, during which time lessor shall have the option to purchase the same at a price to be agreed upon by lessor and lessees, and in the event of their failure to effect such sale the lessees shall have the privilege of thereafter removing such machinery and equipment from the premises. It is further understood and agreed that lessees shall have sixty (60) days after such forfeiture or termination of this lease to remove, market and mill all ore by lessees broken prior to such forfeiture or termination of this lease, subject, however, to the payment of royalty as hereinabove provided.

And the said party of the first part, in consideration of the premises and the observance by parties of the second

part of each and every of the herein contained covenants on the part of the lessees to be kept and performed, does by these presents give and grant unto the parties of the second part the full and exclusive option of acquiring the capital stock of a corporation to which party of the first part will transfer the ownership of the hereinabove described mining property upon the following express terms and conditions:

1. The total price to be paid by parties of the second part to party of the first part is the sum of sixty thousand dollars (\$60,000.00), payable in the following installments:

\$ 2,500.00 thereof to be paid on or before October 9, 1939;
10,000.00 thereof to be paid on or before August 24, 1940;
5,000.00 thereof to be paid on or before February 24, 1941;
5,000.00 thereof to be paid on or before August 24, 1941;
12,500.00 thereof to be paid on or before February 24, 1942;
25,000.00 thereof to be paid on or before August 24, 1942.

It is, however, mutually agreed that if parties of the second part request an extension for one year in the due date of the last above listed payment of \$25,000.00, the party of the first part shall have and may exercise the option of granting such requested extension, or, in lieu thereof, of insisting upon its payment on August 24, 1943, in the following manner, that is to say: by the payment of ten thousand dollars (\$10,000.00) in cash and the retention by party of the first part of a twenty-five per cent (25%) interest in the capital stock of the corporation which will then be the owner of said property, as herein-after provided.

2. It is understood and agreed that after the first payment of two thousand five hundred dollars (\$2,500.00) due October 9, 1939, and the second payment of ten thousand dollars (\$10,000.00) due August 24, 1940, have both been made by the parties of the second part, the parties hereto will cause a corporation to be formed under the laws of the state of Nevada,

the stock of which shall be nonassessable, and shall have a total authorized capital stock as may be then agreed upon by the parties hereto, and that upon such corporation being formed party of the first part will forthwith convey to such corporation title to the above described mining property free and clear of all encumbrances, save and except the paramount title of the United States in and to said claims, in consideration of the issuance by said corporation of such portion of its total authorized capital stock as may be then agreed upon by the parties hereto, it being further understood and agreed that forty-nine per cent (49%) of the stock so issued shall be issued to the parties of the second part and fifty-one per cent (51%) thereof shall be issued to the party of the first part.

3. It is further understood and agreed that up to the extent of two hundred dollars (\$200.00), the parties hereto shall bear equally in the expense of forming such corporation, and that in the event the total expense of incorporating said company shall exceed the sum of \$200.00, the excess shall be paid solely by the parties of the second part.

4. It is further understood and agreed that if and when the parties of the second part have fully paid in cash the remaining installments of purchase price, as hereinabove set forth, the party of the first part will forthwith transfer to the parties of the second part the fifty-one per cent (51%) of capital stock in such corporation which has been so issued to it; but in the event the final payment of twenty-five thousand dollars (\$25,000.00) is not fully paid in cash, but by the payment of ten thousand dollars (\$10,000.00) in cash and retention of a twenty-five per cent (25%) interest in the property, party of the first part shall cause to be transferred to parties of the second part an additional twenty-six per cent (26%) of the total issued capital stock of said new corporation, and

shall retain twenty-five per cent (25%) of such total issued capital stock.

5. It is understood and agreed that all royalties paid by the parties of the second part under the terms of the lease hereinabove granted shall be applied upon the agreed sixty thousand dollars' purchase price, but that the credit shall be applicable to the five thousand dollars' installment due February 24, 1941, and to subsequent installments, but shall not be credited upon either the first or second hereinabove required installments.

6. In the event the due date of the final payment of twenty-five thousand dollars (\$25,000.00) is extended for one year by party of the first part, as provided in paragraph 1 on page 5 hereof, the term of the lease herein granted to parties of the second part will be automatically extended for a like period, that is to say, to the 24th day of August, 1943.

7. It is further expressly understood and agreed that the lease granted herein, and the option of acquiring ownership in said corporation are mutually dependent; that is to say, a forfeiture of the lease shall work an immediate termination and forfeiture of such option, and a forfeiture of the option shall likewise work an immediate forfeiture and termination of the lease.

8. Time is of the essence of this agreement, and it is mutually agreed that this agreement, and each and every part thereof, shall inure to the benefit of and shall extend to and bind the heirs, executors, administrators and assigns of the respective parties hereto.

IN WITNESS WHEREOF this agreement has been duly

executed the day and year first above written.

Mr F. C. Ninnis,
Tonopah,
Nevada.

Dear Fred:

I hope that you and Hermon received the copies of the Mabel lease and option and that all was in order. Please let me know when you send them north.

Will you please send me as soon as you can the details of the smelter returns from the shipments made of ore from below the 600 level of the Mabel Mine. If you have extra copies of the actual returns they would be best to send and would save you the trouble of copying. I am particularly interested in the details of analysis of the ore, the gross values of the several metals, weights both wet and dry, freight and treatment rates and deductions, and the net returns. I do not remember how many cars you said had been shipped, but I would like data on all below the 600 and particularly would I like to have kept separate the information of the car that came from the 730 and 700 levels if that is possible at all.

Please ask Hermon if he can recall any material change in the trend of values in production from level to level below the 300 as the sulphide zone was approached.

It might save trouble if you sent the actual smelter statements to me and I could copy them and return them to you if desired.

Sincerely,

A handwritten signature in blue ink, appearing to read 'P. W. Racey', with a stylized, flowing script.

THIS AGREEMENT made and entered into this 24th day of August, A. D. 1939, by and between WEST END CONSOLIDATED MINES CORPORATION, a corporation, having its principal office in Tonopah, Nevada, the party of the first part, and RAY W. CAMPBELL and HOWARD J. KRESSLY, both of Seattle, Washington, the parties of the second part,

W I T N E S S E T H:

That the party of the first part does by these presents demise and let unto the parties of the second part, for the term beginning with the date hereof and expiring at twelve o'clock noon on the 24th day of August, 1942, and upon the terms and conditions hereinafter fully set forth, all of that certain mining property situate in the Garfield Mining District (sometimes called the Gold Range Mining District) in the County of Mineral, State of Nevada, and particularly described as follows;

That certain group of unpatented lode mining claims known as and called the Mabel Group and comprising the Mabel No. 1, Mabel No. 2, Mabel No. 3, Mabel No. 4, Boston No. 1, Boston No. 2 unpatented lode mining claims, together with all the buildings and equipment thereon which are the property of the party of the first part.

This lease is granted by party of the first part and accepted by the parties of the second part upon each and every of the following terms and conditions:

1. The parties of the second part may enter into and upon the demised ground and work, operate and mine the same, and mine, extract, mill and market the mine product thereof during the term of this lease, it being understood

that all work done upon said property shall be done in good and workmanlike manner, mine fashion, and in accordance with the laws, rules and regulations of the State of Nevada governing such work, and with due regard to the development and preservation of said premises as a workable mine or mines.

2. Lessees shall work and mine said property by doing and performing at least 120 shifts of labor thereon during each calendar month of the term hereof, beginning with the month of October 1939, unless prevented from so doing by act of God, strikes, lockout, war, or extraordinary mining casualty.

3. All workings made by lessees on said property and all present workings thereon which are utilized by the lessees shall be well and properly timbered and shall be kept clear of loose rock and rubbish.

4. Lessees shall do, perform and complete the following specified work:

(a) Lessees shall sink the Mabel shaft three hundred (300) feet vertically below the floor of the present six hundred (600) foot level;

(b) Lessees shall cross-cut and drift from the Mabel shaft so extended to a point directly below the six hundred fifteen (615) foot winze and drive a raise therefrom to make connection with the present seven hundred thirty (730) foot level.

5. All workmen employed by lessees on said premises shall be kept fully covered by industrial insurance under the Workmen's Compensation Act of the State of Nevada at the expense of the lessees.

6. No lien shall be permitted to attach to said property on account of labor performed or materials furnished

to the lessees. Lessees shall permit lessor to post and keep posted on said property such notice or notices as lessor may desire to post thereon to protect the premises from such liens attaching thereto.

7. Party of the first part and its authorized representatives shall have the privilege and right of entering into and upon the demised premises and into any and all workings thereon for the purpose of surveying, inspecting and sampling, as they may from time to time desire.

8. Lessor shall deliver to lessees all mine plans, and all engineering and production data in its possession that may be required by lessees.

9. Lessees shall do and perform and make proper record of all annual labor required by Federal law to preserve the title and right of possession of lessor in and to each and every of the above named mining claims.

10. Lessees shall carry reasonable fire insurance on Mabel Mine property of lessor, but it is understood and agreed that this provision begins at expiration of present policy on June 9, 1940. It is further understood and agreed between the parties that should there be damage to the plant by fire that lessor agrees to apply any moneys received on account of said fire insurance for the repair or rebuilding of the property damaged.

11. Lessees shall pay State and County taxes on Mabel Mine assessment, but it is understood and agreed that this provision begins with first payment due in December 1939.

12. All ores, minerals and mine product by the lessees extracted and marketed from said premises during the term of this lease shall be sold and marketed in the name of

of up to one year on the due date of the last above listed payment of \$25,000.00, then in that event the party of the first part shall have and may exercise the option, at any time prior to the termination of the extension period requested, of insisting upon the payment of the said payment of \$25,000.00 in full, or, in lieu thereof, of insisting upon its payment in the following manner, that is to say; by the payment of ten thousand dollars (\$10,000.00) in cash and the retention by party of the first part of a twenty-five per cent (25%) interest in the capital stock of the corporation which will then be the owner of said property, as hereinafter provided.

2. It is understood and agreed that after the first payment of two thousand five hundred dollars (\$2,500.00) due October 9, 1939, and the second payment of ten thousand dollars (\$10,000.00) due August 24, 1940, have both been made by the parties of the second part, the parties hereto will cause a corporation to be formed under the laws of the State of Nevada, the stock of which shall be nonassessable, and shall have a total authorized capital stock as may be then agreed upon by the parties hereto, and that upon such corporation being formed party of the first part will forthwith convey to such corporation title to the above described mining property free and clear of all encumbrances, save and except the paramount title of the United States in and to said claims, in consideration of the issuance by said corporation of such portion of its total authorized capital stock as may be then agreed upon by the parties hereto, it being further understood and agreed that forty-nine per cent (49%) of the stock so issued shall be issued to the parties of the second part and fifty-one per cent (51%) thereof shall be issued to the party of the first part.

3. It is further understood and agreed that up to the extent of two hundred dollars (\$200.00), the parties hereto shall bear equally in the expense of forming such corporation, and that in the event the total expense of incorporating said company shall exceed the sum of \$200.00, the excess shall be paid solely by the parties of the second part.

4. It is further understood and agreed that if and when the parties of the second part have fully paid in cash the remaining installments of purchase price, as hereinabove set forth, the party of the first part will forthwith transfer to the parties of the second part the fifty-one per cent (51%) of capital stock in such corporation which has been so issued to it; but in the event the final payment of twenty-five thousand dollars (\$25,000.00) is not fully paid in cash, but by the payment of ten thousand dollars (\$10,000.00) in cash and retention of a twenty-five per cent (25%) interest in the property, party of the first part shall cause to be transferred to parties of the second part an additional twenty-six per cent (26%) of the total issued capital stock of said new corporation, and shall retain twenty-five per cent (25%) of such total issued capital stock.

5. It is understood and agreed that all royalties paid by the parties of the second part under the terms of the lease hereinabove granted shall be applied upon the agreed sixty thousand dollars purchase price, but that the credit shall be applicable to the five thousand dollars installment due February 24, 1941, and to subsequent installments, but shall not be credited upon either the first or second hereinabove required installments.

6. In the event the due date of the final payment

of twenty-five thousand dollars (\$25,000.00) is extended by party of the first part, as provided in paragraph 1 on page 5 hereof, the terms of the lease herein granted to parties of the second part will be automatically extended for a like period.

7. It is further expressly understood and agreed that the lease granted herein, and the option of acquiring ownership in said corporation are mutually dependent; that is to say, a forfeiture of the lease shall work an immediate termination and forfeiture of such option, and a forfeiture of the option shall likewise work an immediate forfeiture and termination of the lease.

8. Time is of the essence of this agreement, and it is mutually agreed that this agreement, and each and every part thereof, shall inure to the benefit of and shall extend to and bind the heirs, executors, administrators and assigns of the respective parties hereto.

IN WITNESS WHEREOF this agreement has been duly executed the day and year first above written.
