

4860 0001

*Nye County*  
*Item 34*

Location Number: NY 082

Location: Transvaal  
Coordinates: 37°01' / 116°35' T10S R48E  
Elevation: 4800'  
Map Sources: USGS Thirsty Canyon Quadrangle  
References: Paher  
Photographs: None Available  
Status: Potential National Register Site

Transvaal lies north of Beatty Wash, just north of Yucca Mountain and southwest of Timber Mountain. Following the gold discoveries of 1906, a tent city quickly grew; but before anything permanent could be established, the deposits proved superficial and the miners abandoned the area.

No structures remain at Transvaal. The site is marked by prospects and a few mine shafts.
