MEMORANDUM

TO: Mr. A. J. Anderson
Mining Division

FROM: L. Bunker

DATE: September 14, 1970

SUBJECT: 12 Unpatented Claims For Sale

Owner: Mr. Erie E. Spears
2975 Meadow View Drive
Redding, California 96001

Location of Claims:

They are located in Sections 6, 7, T12N; R42E.
About 1 mile south of the old Ophir town in the
Ophir Mining District in Nye County, Nevada.

History: These claims show values in gold, silver and lead.
They are high on the Toiyabe Range near the Toiyabe
Peak. A road needs to be dozed in the last mile
and the claims drilled.

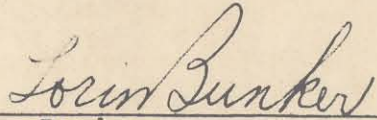

The minerals are showing in quartz seams and the
owner believes that he is about 40 feet from the
contact where these seams would come together and
form a large ore body.

Price: The price is open. The property is open for inves-
tigation at any time by contacting the owner.

Note: These claims are only a prospect, they may have
some merit. However, this area is under deep snow
throughout the winter and late spring months. The
property would be of no value to the Hughes Tool
Company at the present time.

Samples were left at the office. An assay report
is attached on hand picked samples.

Respectfully,

L. Bunker
