

NAME OF PROPERTY

4990 0015

258-B

Item 15

Nye
6
Antimony Hill Group

H. A. Penn - owner
3461 Glenaleyn Drive
Los Angeles, California

LOCATION

Union Mining District, Nye County, Nevada, about 70 miles northwest of Tonopah.

- 21 -

GEOLOGY

Stibnite occurs in narrow fractures which cut steeply dipping limestone beds. The fractures have a general north-south direction and dip approximately 60° to the east.

DEVELOPMENT

A 40-foot shaft and several open cuts. Ore reserves conjectural due to lack of exploratory work.
