NAME OF PROPERTY

Calivada Mining Company

Drew Wilson, Yerington, Nevada - owner
Calivada Mining Company - lessee

LOCATION

Wilson Mining District, Lyon County, Nevada, Township 9 North, Range 25 East -
about 17 miles southeast of Wellington.

GEOLOGY

Quartz monzonite and quartz diorite intrusive into limestones and schists. Minor
areas of tectite and hornfels. The metamorphics are fragmentary in the quartz
monzonite.

DESCRIPTION OF PROPERTY

The principal mine workings consist of two short tunnels and a shallow inclined
shaft. Small bodies of tectite containing variable quantities of scheelite were
encountered. The average tungstic acid content was found too low to warrant
their exploitation.
